AMERICANS EXTENDING RHINE BRIDGEHEAD

GEN. HODGES POURS TROOPS BY THOUSANDS TOWARD EAST BANK OF STRATEGIC RIVER

Reports Indicate Enemy Neither Has Been Able To Rally Strength To Stem Advance or to Launch Serious Counter-attack
SUPREME HEADQUARTERS MAINTAINS SECRECY

By JAMES M. LONG
Paris, March 9—(AP)—Lt. Gen. Courtney H. Hodges steadily enlarged his Rhine bridgehead throughout today with streams of men and supplies which the Germans said were crossing the intact Ludendorff bridge at Remagen, 30 miles southeast of Cologne.
By German account, the American First Army had been halted before the castled east bank town of Linz, three miles east of Remagen and 276 miles southwest of Berlin.
The buildup in the rolling green Rhineland hills was swift and under a protective cover of fighter bombers against resistance which the surprised enemy still had been unable to stiffen.
Other than that, no details whatever were released at supreme headquarters of the ground developments in the crossing won more than 48 hours ago. Nor would censors at the front pass details of the great military coup which had staggered the Wehrmacht critically off balance.
The Germans said the Americans had captured a bridge intact at Remagen. The Ludendorff span there is a double track railroad bridge capable of bearing tanks, trucks and foot troops. A Berlin military spokesman said the First Army troops found the bridge which "by chance" was not destroyed.
Remagen is about midway between invested Bonn and threatened Coblenz. Of the crossing, the Berlin radio said:
"At Remagen, the Americans succeeded in crossing to the eastern bank of the Rhine. These relatively weak U. S. A. forces could penetrate on the eastern bank of the Rhine. Their advance guards were, however, halted by German bolt positions before the town of Linz."
The U. S. 15th Air Force struck a heavy blow at German communications yesterday in Hungary, hitting railroad yards at Komarom, 20 miles in advance of Russian ground forces, and blocking all through lines at Hegyesalom, near the Austrian frontier 45 miles west of Komarom. The Italian-based fliers were carefully briefed against dropping bombs in areas where the Russians might be.
The German radio said Allied bombers from Italy were striking the reich again today.
At midmorning, Eighth Air Force Flying Fortresses and Liberators smashed at already battered rail yards and 2 tank manufacturing plants at Kassel. The plans had recently been repaired and put into partial production.
Other American bombers fanned out over western Germany, hitting railway targets at Osnabruck, Munster, Rheine and Frankfurt-am-Main. The entire fleet was given cover by about 400 Mustangs and Thunderbolts.
Berlin was again the target of Mosquito bombers, which dumped two-ton blockbusters on the German capital for the 17th consecutive night.

U-Boat Yards At Hamburg Are Bombed

By HENRY B. JAMESON
London, March 9—(AP)—The German industrial city of Kassel, heavily bombed by the RAF last night, was attacked again today by the main force of a 1,000-bomber fleet sent out by the U. S. Eighth Air Force.
In the night raids the British also hit submarine building yards in Hamburg and unspecified objectives in Berlin. German radios began warning of the approach of daylight bombers shortly after 8 a. m.

SUES FOR BABY SHOES

Hitler Visit To Oder Front Is Unconfirmed
London, March 9—(AP)—The German radio said today that Hitler had visited the Oder river front. The Transocean agency said he had "convinced himself personally of the fighting spirit of the German soldiers on the Oder."
"A number of photos of the visit have been published in the German press," it added.
The broadcast also said that Hitler had assured himself of German defensive measures. It did not specify the date of the visit.

Soldiers Use Mine Detector In Erie County Murder Probe

Erie, March 9—(AP)—Soldiers used a mine detector to search among the tombstones of a Corry cemetery for a revolver thought to be used in a slaying three years ago, Sgt. Willard Schauer, of state police here, said today.
Sgt. Schauer said it was the first time in police history, so far as he knew, the detector had been used in a criminal investigation.
He said it located a policeman's revolver buried "in the ground, as a test, but so far it has not located the 22 calibre revolver they are seeking."

Nazis Caught Flat-Footed In Greatest Gamble of the War

By HAL BOYLE
With the U. S. First Army Across the Rhine, March 9—(AP)—Long columns of Americans were ploughing across the Rhine today—across to stay, because the Germans blundered and gave up one of the least costly, but yet one of the most important, bridgeheads in military history.
The Yanks grimly jogged into the bridgehead, despite the sporadic, menacing German artillery fire.
All through the night masses of men and supplies moved over the crossing under the scattered German fire to meet the great counter-attacks which the Germans are certain to make unless they are ready to concede that the war is lost.
The Germans fumbled. They were caught by surprise—caught flatfooted by this great gamble which has turned into a brilliant coup.
There is rugged beauty at the site of this crossing—sheer bluffs and rolling green hills above the silver river. But that very ruggedness could have made this crossing site all but impregnable, had the Germans been ready. The best they could muster was the intermittent artillery fire and this has been ineffective in halting Lt. Gen. Courtney H. Hodges' power plunge.
The narrow and widening roads to the crossing were jammed with military traffic. Patient infantrymen in jeeps traveled at snail's pace in drizzling rain. Military police swarmed, shouted and swore at the traffic jams on every crossroad, but the Doughboys paid little attention.
These were tired and muddy men in mud-spattered vehicles. They joked because all American soldiers joke in the shadow of danger. They knew they were going to cross the Rhine, and every one wanted to be among the first, and they joked about this. But there was tenseness in this elation. They are certain the Germans still have a last effort in store and none of these Americans want to get killed now, with victory so clearly in sight.
Even in such a historic event as the crossing of the Rhine, the infantrymen were resigned to the truth of that old army adage: "Hurry up and wait." They stare in consternation at the parade of American might, but they show (Turn to Page Thirteen)

Ohio River Is Nearing Crest At Portsmouth

BULLETIN
Portsmouth, O., March 9—(AP)—The flooding Ohio River crested here today, with the city still dry behind its flood walls and sandbags dikes. The muddy waters touched a peak of 64.94 feet, above flood stage, and were expected to remain stationary several hours before receding.
This city of 40,000 inhabitants crossed its fingers today and put its trust in a thin line of sandbags as the Ohio river approached a crest of 65 feet, 15 above flood stage.
The barricade, hastily erected by townsfolk and Ohio State Guardsmen, stretched 2,800 feet across the Norfolk and Western Railway yards in the eastern section of the city.
One main highway, state route 139, was open to the city.
Up the Ohio river, the swollen waters were receding at Steubenville and East Liverpool, while Marietta and Ironton—the latter (Turn to Page Thirteen)

Labor Bill Has Approval Of President

Washington, March 9—(AP)—President Roosevelt expressed a preference today for manpower legislation with authority in it rather than a program which would rely on voluntary methods.
The chief executive told a news conference that we still are short of men.
To a question whether he preferred a work-or-jail bill as passed by the house or the measure just enacted by the senate, the president suggested a reading of his last annual message to congress.
Any one would be able to see, he said, which measure came nearest his objectives.
This apparently made it plain that his preference was for legislation in the form approved by the house.
The widely varying plans passed by the two branches of congress to get the most efficient use from civilian manpower meanwhile head (Turn to Page Thirteen)

INVASION OF MINDANAO IS UNCONFIRMED

American Landing on Second Largest Island In Philippines Reported By Tokyo Radio

GEN. MUDGE INJURED

By JAMES HUTCHESON
Manila, March 9—(AP)—Americans have landed on Mindanao, second largest of the Philippines, said an unconfirmed Tokyo radio broadcast heard in London today. An earlier report by Tokyo said U. S. warships were shelling Zamboanga, on the southwestern tip of Mindanao, but "no landings had been made up to Thursday night."
American forces on Luzon were closing in on Baguio, summer capital of the commonwealth, and widening their holdings on the south coast.
The severe wounding of Maj. Gen. Verne D. Mudge, commander of the First Cavalry Division, was made known today. He was wounded on the battlefield northeast of Manila Feb. 28 by a grenade thrown by a Japanese soldier who had been left for dead.
Fragments hit the veteran cavalryman in the abdomen, but the medical staff said his recovery was certain.
Tokyo radio said warships had been bombarding Zamboanga, on the southwest tip of Mindanao, since early Thursday in what "is believed to be a prelude to a landing attempt." Zamboanga has good air bases.
MacArthur reported that 33rd Division Yanks on Luzon advanced 12 miles up the west coast to capture Aringay, due west of Baguio. This gave the Americans control of a line reaching within 10 miles of the summer capital.
An American force was last reported within five miles of Baguio on the south, moving north from Camp four.
On the south coast of Luzon, Yanks of the 11th Airborne Division and the 158th Regiment of the Eighth Army captured the town of Lemery in a 13-mile sweep eastward along a good highway fringing Balayan bay.

Fighting On Iwo Is Nearing Final Phases

By ELMONT WAITE
U. S. Pacific Fleet Headquarters, Guam, March 9—(AP)—The fierce battle for Iwo Jima is assuming the pattern of the final phases of American conquests of other Pacific islands—but it may be several days before correspondents can flash "two secured."
Today's communique disclosed small gains which at one point saw the Third Marine Division gaining a cliff top only 300 yards from the northeast coast.
The Japanese, compressed into a rough crescent shaped area measuring 300 to 1500 yards wide along the north and east coasts, have adopted desperate tactics, such as preceded collapse of their organized resistance on Guam and elsewhere.
In Washington, Asst. Chester W. Nimitz, commander of the Pacific, told correspondents he expected Japanese resistance on Iwo would continue "until the last Jap is killed, wounded or captured."
Radio Tokyo claimed American casualties on Iwo already were 29,670. Nipponese troops "are carrying on bayonet charges and night attacks and are succeeding in inflicting heavy damages on the enemy," said a Japanese-language broadcast beamed to the United States and recorded by the FCC.
Nimitz's last report on American casualties, made Feb. 23 for only the first three days of fighting, said there were 644 killed, 560 missing and 4168 wounded. Navy Secretary James Forrestal said Monday 2050 Americans had been killed on Iwo, but gave no date or any other figures.

Chicago Man Found Nailed Upon a Cross

Chicago, March 9—(AP)—A man, about 40 years old, was found by Hudson avenue police today nailed to a 10-foot cross, with 10-penny spikes through his hands, his feet bound with rope and a crudely entwined mass of thorny bushes on his head.
The police, responding to a report of an automobile accident, found the man unconscious on the heavy cross, made of 2 by 6 timbers, which was fastened to part of an elevated railway pillar on the near north side.
Capt. Patrick O'Connell said the man, identified as Fred Walscher, was not wearing a coat or hat and his clothing was not disarranged.
Regaining consciousness several hours later, Walscher told Capt. O'Connell that he was summoned from his basement apartment by a knock on the window and asked to assist at an automobile accident.
He said when he arrived at the scene of the alleged accident a man threatened him with a gun and forced him to lie down on the cross.

Family Released In Manila Known Here

Mr. and Mrs. Roy March, of Lander, have received word that their cousin, Gerald Thompson, and family, who were interned at Manila in 1941, were among those released on February 4.
This is the first word that had been received from them in the intervening three years. Mr. Thompson is the son of Mr. and Mrs. Frank B. Thompson, of Olean, N. Y.
Another son, Floyd, was interned at the same time and was at the same camp until six months ago, when he was transferred to Las Banos. No word has been heard from him since that time.

Opening Meeting of Drive To Be Held Tonight at the Y. W. C. A. at 7:30 O'Clock

Warren county's Red Cross War Fund Campaign, the fourth since Pearl Harbor, swings into high gear this evening when workers assemble for the opening meeting at the YWCA at 7:30.

It will be a stream-lined campaign from start to finish and it is confidently expected that the goal of \$42,600 will be reached when the final report meeting is held. One report meeting will be held at the YWCA on Monday next and the campaign will close Thursday.

Throughout the county, which has been divided into eight areas, work on the Red Cross War Fund has already started. Campaign headquarters got the county groups organized and at work earlier in the week, since travel conditions and widely-spaced calls made it imperative to start operations sooner.

And, solicitation for the War Fund is already under way in many of the larger industrial plants and organizations.
But, for the rank and file of the county the appeal of the Red Cross will be made in the next four days, with a national goal of \$200,000,000. Warren's total of \$42,600 is an infinitesimal part of the total, but an important one nevertheless. With over 4,000 men and women from Warren county in the service with the honored blue star service flag in a majority of homes throughout the county and with service folks telling of the fine work of the Red Cross in their letters home, every one is hopeful for the success of this year's War Fund.

Judge Allison D. Wade, general chairman for the War Fund, will preside at the meeting this evening. At 7:15 the Warren High School Band will play for a short interval while the crowd of volunteer workers and committee members are assembling. Rev. H. (Turn to Page Thirteen)

Soldier On Missing List War Prisoner

Mrs. June Jackson, 608 Prospect street, has received a letter from her husband, Cpl. George Harold Jackson, revealing that he is a German prisoner of war after having been reported missing in action since December 18.
Son of Mr. and Mrs. Harold Jackson, 212 Canton street, "Pee Wee", as he is known to friends, was serving as a "runner" with the Ninth Infantry Division of the Third Army when last heard from. He entered service January 3, 1944, and trained at Fort McClellan, Ala., going overseas during the summer. Landing in England July 16, he remained there for nine days before being transferred to France.
Prior to the War Department notification on January 5 that he was listed among the missing, his wife had received the Purple Heart awarded him for wounds received in action in Normandy. He also has earned the Good Conduct and Expert Infantryman's Combat medals.
The letter just received, in his own handwriting, tells of his having received a few cigarettes in a Red Cross package, one of which arrives each week.
Friends wishing to write him may do so at this address: G. H. Jackson, Cpl., 314822, M-Stalag 4-B, Germany.

Primary Election Measure Signed

Harrisburg, March 9—(AP)—Governor Martin today signed into law legislation changing this year's primary election date from September 11 to June 19.
The executive also approved bills to:
Provide monthly, instead of weekly, reports, by agents other than county treasurers, who issue hunting licenses, and
Permit medical officers of the armed forces and the U. S. public health service to make blood tests required before issuance of marriage licenses.
Republican and Democratic assembly leaders agreed with Martin on the change of the primary date to allow members of the Armed Forces more time to vote in the November general election.
Tomorrow is the first day for circulating nominating petitions under the new law. The deadline for filing the petitions is April 9.

KUESTRIN IS PENETRATED SECOND TIME

Bitter Battle Reported Raging in Ancient Streets of Vital Metropolis 25 Miles From Reich Capital

CROSSING UNVERIFIED

By RICHARD KASISCHKE
London, March 9—(AP)—The troops of Marshal Gregory Zhukov in their offensive toward Berlin have fought into Kuestrin a second time, and a bitter battle is raging in the ancient streets of the Oder river fortress.
Russian tanks and infantry attacked 17 times from the northwestern part of the city—which the Germans said yesterday had been bypassed on the north and south by the Russians who had driven across the Oder to within 25 miles of Berlin—but were finally driven back to the suburbs, a German broadcast announced.
Kuestrin, 39 miles east of Berlin, was first reported penetrated about a month ago, before the momentum of Zhukov's drive from Warsaw was spent.
The Russians, however, had not yet confirmed officially the crossing of the Oder—an announcement which would signal that the Allies in the east as well as in the west have joined battle with the Nazis in the heart of Germany.
To the north the Russians pushed forward from an arc eight miles southeast, east and northeast of Berlin's Baltic port of Stettin and rushed up boats and landing craft for an assault across the Dammescher Lake, which fronts Stettin on the east.
Moscow dispatches said a crossing, which would outflank Stettin on the north and threaten a northern sweep around Berlin, might already have been made along the canalized section of the Oder between the lake and Stettin Bay.
Soviet bombers loosed a torrent of bombs and fire on German troops falling back into Germany and destroyed an important bridge near Altmarkt, the Stettin suburb on the east side of the Oder outlet.
The Germans admitted the assault had reached the port's "outer defense zone" and declared German naval forces had joined the battle along Stettin Bay.
A large enemy column moving across the bridge was thrown into (Turn to Page Thirteen)

Hot Marathon Won By AP Correspondent

By HAL BOYLE
With the First Army Across the Rhine, March 8—(Delayed)—(AP)—Covering the crossing of the Rhine was the hardest journalistic marathon of the war—a marathon won by Howard Cowan of The Associated Press who was the first field reporter to cross the stream with U. S. First Army troops.
Cowan not only was the first correspondent to get across—but a margin of minutes—but was also the first to get back with the story.
Many newsmen jeaped several hundred miles in the race to the Rhine when word came through that the Yanks were crossing.

Dash Lifts Lid of Secrecy Of Effects of Aerial Raids

By WES GALLAGHER
Cologne, March 9—(AP)—The American dash to the Rhine has lifted the lid of German secrecy on the effects of Allied air raids, permitting ground observers to assess for the first time the full extent of the damage inflicted.
A check of Cologne, Rhine industrial capital; Krefeld, textile and silk center; Muenchen-Gladbach, one of the smaller Rhine industrial cities, and the Rhine river port of Neuss, opposite Dusseldorf, shows:
1. That American and British strategic air force claims gleaned from photographs—such as the estimate that Cologne was 60 to 80 per cent destroyed—are conservative.
2. That bombings of cities will not break German civilian morale but will so disrupt life in a city and discourage workers that factories cannot operate with even a fraction of efficiency.
3. That big incendiary raids cause considerably more vital damage than high explosives.
4. That bombing of railroad yards has not yielded the results expected, largely because of the extremely efficient German repair system.
5. That bombing of roads has been virtually useless in trying to stop traffic in a country like Germany where there are hundreds of good roads. Only in rare cases of such bottlenecks as the Rhine bridges has the bombing of bridges been productive.
Some 75,000 to 100,000 persons are estimated still living in Cologne, which had a pre-war population of nearly a million.
Wandering about the city you wonder where they are living.

Dust Clouds Rousing Ire Of Merchants

Pennsylvania avenue and other streets of the borough on which tons of cinders were placed during the winter when snow and ice made the streets slippery are now dusty. Passage of cars and trucks is marked by rising clouds of dust that blow into stores and apartments along the streets and rouse the ire of residents and merchants.

It was announced at a recent meeting of the Town Council that the street sweeper was in need of repair and not in shape to place on the streets to gather up the dust. The street department is so short handed that men cannot do the task of sweeping the streets.

A suggestion made that the streets be washed in such a way that the accumulation of dust and cinders be carried to a higher point in the streets where it could be hauled away met with favor. However no washing has as yet been done and sidewalks along the street are covered with dust and dirt and much damage is being done to the stocks in stores.

Perhaps a Saturday night bath may be in the making, who knows?

Music Boosters To Incorporate To Strengthen Organization

Action was taken at the March meeting of the Warren School Music Boosters Club, held last evening in Beaty school auditorium, to incorporate the organization and President Basil White, appointed the following committee to work out the details with Attorney William Glassman: Don Folkman, chairman; Harry Thurn, Creed Erickson and William Taylor.

The vote was taken by the membership after the secretary, Mrs. William Fuellhart, had read the recommendation made by the board of directors at a meeting held prior to the general meeting. Mrs. Fuellhart also read the minutes and treasurer's report and expense of an advertisement in the 1945 Dragon was approved. Mr.

White appointed the following nominating committee to report a slate of officers for the May session: Henry Bick, chairman; Mrs. N. K. Wendelboe and Herman Kaebnick.

The program for the evening was presented under the direction of Miss Twila Hoover, vocal music instructor in the schools. Opening the program, the high school capella choir sang three selections: "Now Let All the Heavens Adore Thee," with Lillian Ristau as soloist; "O Lord Most Holy," Joseph Guiffre, soloist, and "Recessional".

For the second group, the Beaty Octet sang "Massa, Dear," "How Can I Leave Thee," "Prayer" from Hansel and Gretel and "Ah, Sweet Mystery of Life." These singers were Joan McDonald, L. G. Furman, Ann Livingston, Joan Finley, Blaine Lauffer, Elwin Babcock, Gail Nelson and Calvin Olson.

Appearing for the closing group, the choir sang "Sleep" and "Mountains." This was the first opportunity many had had to hear the choir in recent months and the generous applause of the large audience was a tribute to both the singers and their leader.

Adjourning to the school cafeteria, the entire group was served cream puffs, chocolate milk and coffee by Mrs. J. C. Ellis and her committee: Mrs. A. F. Dunham, Mrs. J. C. Harrington, Mrs. J. B. Leidig, Mrs. Dorothy Engstrom and Mrs. R. E. Hook.

County Lags In Shipment Of Salvage

Warren county shipped only about one-half its quota of waste paper during the month of February. This was revealed, this morning in a general salvage report for that month, issued by W. T. Corbett, chairman of the Warren County Salvage Committee.

"We are not very proud of the waste paper shipment for February," Mr. Corbett commented. "However, if everyone does his duty, we should double that amount for March, especially since we have scheduled March 21 for a county-wide collection. Reports from county schools are very encouraging."

The detailed reports for February are as follows: 454 gross tons steel and cast scrap; 80,595 pounds brass, copper, lead and aluminum; 131 net tons waste paper; 5,209 pounds waste fats; 28,000 pounds rags.

Tolerance

Marcia Johnson, 202 Jackson Avenue
Honorable Mention in Brotherhood Week Essay Contest

Tolerance means more than enduring opinions of which we do not approve. It goes much deeper than that. If we wish to be tolerant, we must respect the opinions of others and believe that they may be just as good and correct as our own.

A great deal of the trouble in the world today is caused by intolerance. The shameful race riots are a disgrace of which the whole nation is rightfully ashamed. The great principles upon which this country was founded mean nothing if we who uphold them forget and bring suffering on a so-called lesser race in the midst of these trying times when the whole world is looking to us for leadership in the war and coming peace. If this is the sort of thing which we permit in our country, are we fit to lead the world? When men are so blinded by prejudice that they cannot discern their own shortcomings, are they then to guide the course of future affairs in other countries? We must work together, through education, to promote more friendly relations among people of social and cultural differences in our country. The forces which are seeking to divide us by hate and bigotry are being opposed by efforts to promote sympathetic understanding and cooperation.

It is significant that the nations which have wrought most of the suffering on the world today are those which believe in race superiority. Many Americans are fighting to preserve our fundamental rights. Are their sacrifices to be in vain? If the same ideas of prejudice, racism, and racial and religious intolerance again stalk the world after the war, we shall have

accomplished little or nothing. If we are to succeed in building a lasting peace for which so many have dedicated their lives, we must begin by being tolerant. National isolationism is at an end, and all must work together for peace, neighborliness, and mutual understanding. The iron of hate has gone deep into many hearts, and it will take a great deal of effort to bring love and peace into embittered nations where there is now only hatred and revenge. Nevertheless, a world-wide faith that is loyal to its convictions of permanent peace will someday unite the world into a closer brotherhood of men.

Miss Stanford's room received the attendance award and the Victory Bond went to Vincent Musante. Mrs. Arthur Chapman presented an interesting program, which consisted of a talk on chinaware, "The Chinese Legend" by Miss Effie Patterson and two vocal solos by Dale Holcomb, accompanied by Maxine Beebe.

War Footing Pinches on the Japanese Home Front

AP Newsfeatures

THE JAPANESE, in their death fight for the Emperor, have achieved a total mobilization including more and greater home front sacrifices than Americans have ever seen. Here is a report on Japan today, based on official U. S. studies.

RATIONING: Japan rations all food, clothing, medicine, gasoline, fuel and matches. Bread, meat, milk and other "luxury foods" are almost unobtainable. Clothing is shoddy. This woman finds her synthetic dress shreds after washing.

HOUSING: Japanese houses usually are flimsy, made of wood and tile. They deteriorate rapidly, but few new ones have gone up since the war. Acute shortages exist and rents soar. This man tries to repair his war-wrecked shack.

FISHING: Japanese draw much food from the sea, but fishermen and fishing boats now are scarce. War losses—as when ships hit mines, illustrated above—add up to hunger. Natives are now urged to raise their own chickens, pigs and rabbits.

MANPOWER: Males 12 to 60 not in service and females 12 to 40 must work in essential jobs, averaging 84 hours a week. Students work part-time. Most geisha girls and many Buddhist priests work in war plants. Foreign labor is imported.

CIVILIAN DEFENSE: The Japanese have dug shelters and sidewalk trenches in Tokyo. Civilians are evacuating the city; those remaining must wear "dog tags." Food is being stocked in places thought safe from bomber attacks.

TRAVEL: Pleasure trips are banned. Business travelers, like the man above, carry only one bag, limited to 40 pounds. Sleeping cars are a casualty. The few private automobiles—mostly official cars—are powered by coal or charcoal.

THE RHINE

The Rhine river, from The Netherlands border to Karlsruhe, marks off a huge segment of western Germany as a natural theatre of war, says the National Geographic Society.

Bounded on the west by The Netherlands, Belgium, Luxembourg and France, this territory, out of which Allied forces are slowly chopping pieces, has roughly the form of a triangle. Its broad base rests against the French boundary in the south; its northern tip reaches deep into The Netherlands.

The German "no man's land" has an area of about ten thousand square miles. Along its southern edge lies the Saar region, normally one of Germany's leading industrial and coal mining centers.

The country through which the Allies have fought their way to reach the Rhine is hilly and mountainous in the south, low and open in the north. It is crossed by many Rhine-bound streams, big and little. Some of the Rhineland rivers, such as the Mosel and Roer and the Saar, have already become familiar as battleground names.

Once reached, the Rhine is itself a formidable barrier to penetration toward the heart of Germany. Some 300 miles long, The Netherlands-to-Karlsruhe stretch of the river presents a broad and often swift-flowing stream, guarded by such long fortified sites as Cologne, Koblenz and Mainz. After the first World War, when Allied troops occupied the Rhineland, these three cities were the main headquarters of the victorious armies. American forces remained in Koblenz and nearby stations until 1923.

The Rhine gorge—between Bonn, upriver from Cologne, and Bingen, near Mainz—is the narrow middle section of the river, noted for its castle-topped crags and terraced vineyards; the rocks of Lorelei and the Mouse Tower of legend. At the hill-set town of Bingen the Rhine is only 820 feet across, compared with a reach at Mainz of 1,410 feet.

As a traffic artery, the Rhine has long been one of Europe's busiest thoroughfares, handling millions of tons of coal, iron ore, wheat and other products of normal trade. When the battle lines were far from Germany, it was a convenient passageway for Nazi war materials.

Extensive railway and highway communications parallel the river, fed by lines coming into the valley from both sides. Along the gorge section, rails and roads run close to the banks of the stream, hemmed in by overshadowing heights, while in the broad rift area they follow an irregular course, linking valley towns set back from the water's edge. Hundreds of bridges cross the Rhine.

These are the days when spiritual inspiration means much to worried minds and hearts. In your church this consolation is to be found at worship on Sunday.

Didn't take many days of spring sunshine to start the political pot to sizzling.

LENTEN SERMONETTE

Rev. Philip W. Schlick, Russell Methodist Church

Lent is a particular season of the Christian year which stimulates Christian people to zealous spiritual activity. This is all well and good; however, there is one danger to avoid. Through misunderstanding of the Lenten season and through a false interpretation of the Christian life we're liable to become the type of individual who doesn't believe in sin during Lent. The inference which follows is that standards are forgotten the rest of the year. This conception of Christianity would be folly.

Now, we're all agreed, I'm sure, that Christianity is concerned with habitual service and a steadfast faith rather than a temporary or spasmodic experience. Therefore, let us heed this warning lest we become "occasional Christians." However, this suggestion is not meant to detract from the seriousness of the Lenten season. And we ought all to enter into a period of soul-searching during this time of special commitment.

Dr. E. Stanley Jones has given this illustration: "When the Titanic was going down and people were rushing for lifeboats, word was passed down the line to the officers in the crisis, 'Be British!' It was a great watchword, for it upheld the great traditions of a seafaring people built up through the centuries. But on board was the man under whom I was converted, the Rev. Robert Bateman, and as they stood on the sinking ship awaiting death, having put the women and children in the lifeboats, he struck up a hymn in his deep triumphant voice. And as the ship went down they sang. What he said to the people with fearful hearts and blanched faces was, 'Be Christian!'"

Our need for every and all time of year, including Lent, is just this. "Be Christian!"

Gifts To Mark Birthday Of Girl Scouts

On Monday, March 12, the Girl Scout movement in the United States will be 33 years old, and the event will be publicized nationally in radio programs and newspapers.

Locally, Girl Scouts will observe the birthday at their troop meetings by presenting their gifts to the Juliette Low Fund. The fund, which is a memorial to Juliette Low, the founder of Girl Scouting, is used to promote friendship and understanding among girls of many nations.

In 1944, nearly \$50,000 was contributed by Girl Scouts to the fund and it carried to the war-stricken children the good wishes of a million American girls. The largest gift was to China, where \$10,000 gave many orphans a chance for life. Girl Guides in France and Great Britain received \$5,000 for relief work. Holland, Luxembourg, Russia, all shared in the fund to the extent of several thousand dollars.

One of the most interesting expenditures was \$1,000 to be used for the support of undernourished refugee children who are being cared for at the Girl Scout Chalet in Switzerland.

No amount is suggested for contributions, but several Warren county troops have decided to each bring as many pennies as they are years old.

Instead of an extensive celebration at this time, the local Girl Scouts are planning to concentrate on the 10th birthday of the Warren County Girl Scout Council, which will take place in May. The main event of that week will be a pageant on Friday, May 4, in the auditorium of the high school, in which several hundred Girl Scouts will take part.

Many Planning Getting Out For Fox Hunt

The fox hunt which the Warren Field & Stream Club will hold Sunday, March 11th, is sure to be enjoyed by a large crowd. A showing of hands at the Club meeting last night indicates that about a hundred of the members present last night will participate in the hunt, and it is estimated that at least another hundred will turn out to share the thrills of the hunt provided the weatherman cooperates.

The sportsmen will meet at Finley's Store at 9:00 o'clock and will depart for a point between Russell and Scandia for the hunt. Those members and friends who find it more convenient to do so may meet the Warren members at Russell about 9:30. Shotgun only will be permitted.

If the boys get any fox or not, they're going to enjoy a fox hunt lunch together, and if the weather is favorable this phase of the hunt will surely be the most enjoyable, as it was all last year.

Foremen's Club To Meet Monday

An address on "Rehabilitation and Industry" will feature the March dinner meeting of the Warren Foremen's Club to be held in the Y. M. C. A. next Monday evening at 6:30 o'clock. Dr. Bidelle's talk will deal with the problems related to the rehabilitation of discharged service men as they reenter local industrial employment.

In addition to the address, there will be two educational motion pictures, one of them titled "Only a Gasket" and the other a beautiful colored film on the country of Colombia. The report of the Nominating Committee will be presented also.

Every Man and Woman Urged By President To Help Grow Food

In a remarkable appeal, based on a serious food emergency, President Roosevelt has called on "every man and woman" in the United States to help produce food this year.

Residents of cities, towns and villages are especially addressed, since the farm population is already concentrating on this activity. The president specifies four ways in which the urbanites can help, as follows:

Victory gardeners should continue their good work. Home canners should carry on until the war is won.

City, town and village residents should give aid to farmers, wherever possible.

They should also give spare time to helping food processors.

The president's appeal, which was issued from the White House just prior to his departure for the three power conference, gives a serious picture of the food emergency. Demands have increased, and many of our favorite foods are scarce.

"During the past three years every American who has played a part in the job of growing, conserving, harvesting, distributing and processing our food supply has done a magnificent job," his statement said.

"As we enter a new year, the demands for our food at home and abroad are so great that it is essential for every man and woman to do everything to help in the huge task of getting the food produced and seeing that it is conserved and shared. Many of our favorite foods are scarce.

"To this end, I ask the people in cities, towns and villages to assist our farmers in every possible way to reach the food goals which have been set for this year.

PICNIC PLANNED
The annual picnic of the Warren Chamber of Commerce is being planned to be held some time during the coming months and a committee composed of George Frantz, Nat Drake, Lewis Frederickson, Wallie Pettit, Eddie Sullivan, and Great Walker received \$5,000 for relief work. Holland, Luxembourg, Russia, all shared in the fund to the extent of several thousand dollars.

TEACHERS MEETING
The postponed meeting of the Teachers Association of the First Presbyterian Church School will be held this coming Monday evening in the church parlors, beginning at 7:45 p. m. PLAN ANNUAL MEETING
The regular monthly meeting of the Y. M. C. A. Board of Directors was held at the Y. M. C. A. yesterday at 5 p. m. Except for the appointment of two committees, the business of the session was made-up of routine matters. The committees appointed by President Alexander were: Nominating, M. R. Emery, Fred A. Keller and Frank E. Redding, the first named being chairman and representing the Directors and the latter two representing the "Y" membership at large; annual meeting, D. H. Mowell and H. G. Eaton. The annual meeting and election of Directors will be held in May.

Record Group Sees Movies of Big Game Hunt

The largest crowd ever to turn out for a Warren Field & Stream Club meeting were on hand last night to hear O. C. Brock of Erie and to enjoy moving pictures taken by him on some of his big game hunts in Northern Canada. He entertained for two hours and through the magic of his camera, took the crowd right with him to the north country—on moose hunts, bear hunts, on dog sleds, and snow shoes. A comfortable speaker, easy to listen to, and full of hunting experiences which every member would like to enjoy for himself, Mr. Brock did indeed provide an enjoyable evening for the Club members.

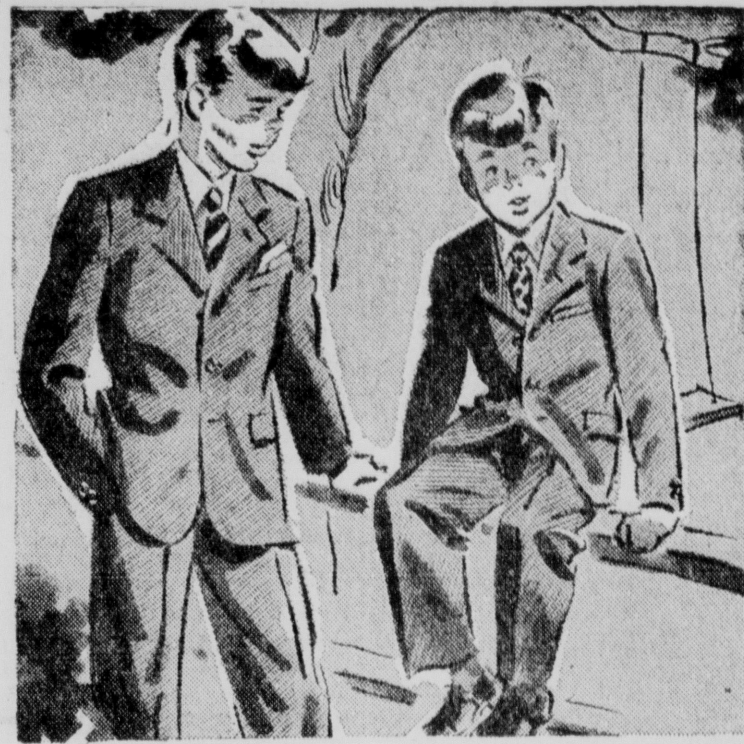

Unfortunately the crowd which turned out to hear him was far larger than was expected and there were nearly a hundred sportsmen who couldn't even get in. Every seat and a standing room was filled by the three hundred sportsmen who came early.

The Y. M. C. A. has asked that all those who wish to attend the dinner contact the "Y" office no later than 10 p. m. tonight to make reservations.

BOB HOPE reports on

the Red Cross in action

Bob Hope should know. He saw. For two years he has devoted most of his spare time to entertaining G.I.'s on the "Foxhole Circuit" of USO-Camp Shows. Hope has made 'em laugh in Panama; Alaska; British Isles; North Africa; Sicily, and most recently through the captured islands of the South Pacific. His audiences were men relaxing just behind the front lines. He knows how they appreciate a friendly service from home.

I SAW the Red Cross bring news from home to a worried son! Not all the worries are at home. A soldier in a distant Pacific Station was worrying why a letter to his mother had been returned to him marked "unknown." Was she sick? Alive? What had happened? Through his Red Cross Field Director and National Headquarters came a request to investigate and report. The mother was found to be all right and her address correct. But just after she had moved to her new location about 6 months previously, the mail man "thought he had returned a letter." A small matter perhaps, but terribly important to a dear one so far away.

I SAW a Red Cross ship taking food to our men in prison camps! Thousands of our men in enemy hands would be near starvation were it not for the food, clothing and medical supplies sent by and through the Red Cross.

I SAW the Red Cross playing mother to homesick, war-weary fighters! There are more than 700 Red Cross Clubs overseas. Some of them are like big hotels. They're headquarters for meals, snacks, tours, dances, games, books, home newspapers.

I SAW the Red Cross handing out kits to the wounded in a hospital! When a man has lost everything but his dirty, blood-stained uniform—these comfort kits are worth their weight in gold. They contain toilet articles, cigarettes, candy.

I SAW the Red Cross great fliers just back from a mission! I saw a Fort come in—with dazed, haggard men crawling out of her. A Red Cross clubmobile pulled up beside the plane. And the fliers' strained nerves relaxed over American doughnuts, nuts, American coffee, American girls' smiles!

The program opened with "The Star Spangled Banner", after which Miss Doris Engstrom, music supervisor, announced the following numbers: Clarinet quartet, Dorothy Miller, Barbara Johnson, Leonard Briggs and Guy Summerston, two numbers; girls' trio, Phyllis Hendrickson, Doris Norbeck and Louise Bruce, three songs, with Shirley Hultberg as the reader for the last; one-act play, "The Laundry Mark", by Phyllis Hendrickson, Alice Firth, Louise Bruce, Melburn Landin, Leonard Briggs, Joe Smith, Oliver Swanson, Jack Abbott, Helen Anderson, Ray Sanders, Evelyn Hodges, Cleo Doud, Betty Phillips, Elaine Honning, Harland Brown, Ronald Carlson and Jasper, a dog.

The W. S. C. S. met with Mrs. Jesse Thompson Thursday afternoon with Mrs. Earl Clark, assisting hostess and 14 members and one guest present. The president, Mrs. Delmar Mickelson, presided and opened the meeting with prayer. The group voted to have a pancake supper at the Methodist church March 17th. Mrs. Carleton Foss conducted the devotions.

Mrs. Mabel Dallas had charge of the study period, assisted by Mrs. Travers Stohlberg, Mrs. Gregg Abbott, Mrs. Roy Briggs, Mrs. Hobart Sanders, Mrs. F. A. Schoonover, and Mrs. Foss. The meeting closed with prayer by Mrs. Foss and the hostesses served refreshments.

Warren Boys Enjoy Action In Pacific Area

Writing from somewhere in the Pacific, Pfc. Howard L. Clark, Times-Mirror circulation manager on military leave, tells of some of the action he has seen in recent weeks with a Marine detachment aboard one of the fleet battleships. Enclosed, also, is a copy of the Valentine issue of the shipboard publication, in the masthead of which is found the name of another former Times-Mirror employee, Mason Marlett, serving with the regular navy on the same battle wagon. Pfc. Clark writes in part: "I haven't had much time to write and very little to write about, but the time has come when we can tell where we have been and what we have done—that is up to a certain point.

"We have participated with the task force striking Luzon, in the Philippine Islands, and were with the task force striking Formosa. And, here is something, we went into South China Sea, striking on Camranh, and Saigon Bay in French Indo-China, also Hong Kong, China. A few more places we hit were Okinawa and Ryukyu islands up in the Rikyu Islands. I guess that is enough to give a picture of what we have done and where we have been. When we got into South China Sea, Tokyo Rose (she's a news commentator) said she didn't know how we got in there but we couldn't get out—but we did. We all got a big kick out of what she says.

"I've received some papers of November and December and just part of January. Enjoyed them very much, especially the Men in Service column and Times Topics, and that article about Dr. McCune in the December 4th issue was all right. Both 'Mully' and I are fine. We have coffee together nights quite often. It was in our news sheet about the five deer floating on the ice and landing in town."

WOUNDED IN ACTION

Mrs. Charles C. Peterson, of Chancellors Valley, has received word that her brother, Pfc. Richard E. Goodard, has been wounded in action in the South Pacific. Pfc. Goodard has been overseas, serving with an infantry unit of the 25th Division, for the past 18 months. He was first sent to the Hawaiian Islands, then to the Marshalls, Marianas, New Guinea, and then to the Philippines, where he has been for the past four months.

WOUNDED IN GERMANY

A telegram from the War Department to Mr. and Mrs. Anthony Corbran, 214 Center street, has brought the news that their son, Pfc. Jerome "Jerry" Corbran, was wounded in action in Germany on February 23, while with the 102nd Division of the Ninth Army. He is in a hospital somewhere in France. They have had a letter from "Jerry" also, saying that his wound is of the slow-healing variety and he expects to be hospitalized about two months.

Pfc. Leigh J. Hall is visiting at the home of Mr. and Mrs. Roy Buchanan, Warren RD 1, while on a 15-day delay en route from New Orleans, La., to Indiantown Gap.

ENJOYED RECESS

From an Air Service Command station somewhere in England it is reported that S/Sgt. Gall R. Hansen, son of Mr. and Mrs. George H. Hansen, 225 Canton street, recently enjoyed a "recess" from aerial warfare at an ASC rest home which was a remodeled English manor house. After seven days he returned to his battle station. S/Sgt. Hansen has completed 22 missions over Nazi-dominated Europe. Before entering the army he was employed as a chemist by the National Forge and Ordnance Company.

Lenten Talks Add Interest To Gathering

Again on Thursday night, St. Paul's Lutheran Brotherhood had a splendid attendance, a well-planned and informative program and genial evening of fellowship.

Ernest Anderson, a Warren county authority on strawberries and chickens, presented by blackboard and speech a clear exposition of reasons for and methods of developing best standard of chickens, using illustrations to prove the marvel and miracle of creation.

The reason for and benefit to be derived from proper observance of the Lenten season was the subject of a challenging talk for self-examination by Rev. Nore Gustafson. He explained that Constantine the Great instituted by decree the observance of the first Lent, in the year 325 A. D. Pope Gregory the Great in the year 604 issued the first encyclical for 40 days of fasting during the Lenten season, Lent, the English word, is derived from the Anglo-Saxon "lencten", denoting spring and lengthening of days.

The pastor asked how will we meet the challenging message of Lent, "What think ye of Christ?" Will we follow His "Follow me" in sacrificial service, obedience to our God, love for our fellow men? Never in world history has this clarion call been so insistent and necessary. The world is looking to our country, to us. Let's support our leaders in nation and church.

Miss Carol Johnson pleased with a vocal solo, accompanied by her mother, Mrs. Ned Johnson. Ned Johnson acted as chairman for presentation of the program. Hosts were Ned Johnson, Melbourne Karlson, Carl Look and Hilding Lundahl.

PLANS MATURED

All plans for the fox hunt to be held between Russell and Scandia next Sunday have been completed and the committee in charge expect that with fair weather there will be a record breaking turnout. The hunters will meet in the square at Russell and proceed to the scene of the hunt. The usual good old fox hunt lunch will be served and a good days sport is anticipated. Only shotguns will be permitted in use.

MOVE OGD EQUIPMENT

OGD equipment which was issued to this community during the time when there existed danger from air raids being experienced is being checked up at present. A quantity of hose, pike poles, ladders, etc., have been moved to the Central fire station. The hose may be used for street work as it is single jacket hose and would not fit into the scheme of things in fighting fire as under pressure it might break and endanger property.

DEBATE CONTINUES LIVELY

"Has or has not the island moved?" continues to be a swell topic for debate in clubs, news stands and sewing circles over the community. Seemingly the debaters seem to have a little more weight on the pro side of the argument as more and more persons observe the island and the tree which serves as the marker of all of the observers. Frank Fadale claims to have been able to "reach out and touch the tree" but the folks who heard the statement are a little skeptical as to the length of Frank's arms. Harry Shawkey who has fished hours in and around the island claims the island is moving but that the gravel and sand from the upper end is washing down and building up the lower end. But the folks who listened to this had a snappy comeback with "What of the tree". Suffice to say over the weekend the old island will have no privacy, at all.

Chapter 23
THE redhead thrust his hand between them. They were still warm. O'Shane fought a growing premonition of trouble. In vain he sought to reassure himself. Parker had probably been called out to quiet a disturbance in a saloon or arrest a drunk. Why should Wacker make trouble on this particular night? He wandered outside and gazed uncertainly up and down the shadowed street. At the north end of town, its canvas walls glowing from the lights within, Wacker's makeshift La Bonita pulsed like a huge balloon. Forking the roan, O'Shane centered up the street towards it.

A discordant medley of sound beat upon his ears as he neared Wacker's unsavory night spot. Ponies were close packed along the rail that fronted the tent. Tying his reins in a loose slip knot, he quick getaway, the redhead slid inside the entrance.

A rough dance floor had been laid on the ground in the center of the big tent. Punchers and roused harpies were whirling to scraping fiddles. Men bunched, thick as flies, at the plank bar and around card tables. Through the fetid air, blue shadowed by tobacco smoke, hanging stable lanterns gleamed stikily.

O'Shane squinted around, searching for Parker's tall form. Two reports stabbed through the rumble of men's voices, shrill laughter of women, shuffle of boots and tinkle of glasses. Momentarily, the stream of sound was damped. The fiddles faltered and died, the dancers stopped, as heads swiveled towards the corner of the tent, where Wacker's office was screened by hanging canvas. Then, with growing volume, the torrent of sound broke loose again—the fiddles squeaked and picked up, he danced tune, the sweating dancers swirled with

renewed vigor, the babble of conversation again rose high. O'Shane quickly slithered through the crowd towards the office. Two alert-eyed gunnies loomed by the entrance, cigarettes dangling from their thin lips. Thrusting himself in front of O'Shane, the nearer guard barred the way.

"What's the rush, feller?" he rasped.

"I want to see Wacker."

"Si ain't receiving. Go get yourself a drink."

The redhead crowded forward. The guard's eyes narrowed, his hand grasped the butt of his gun. "Vamoose!" he growled. O'Shane's left, fist doubled, smashed into his middle. With a gasp, he jackknifed. The redhead's right swung up at his unprotected jaw and he went down the lights within. O'Shane knelt, pulled like a huge balloon. Forking the roan, O'Shane centered up the street towards it.

A red stain spreading across the broad chest, Parker's still body lay almost at his feet. A gun was still clutched in the Marshal's clenched fist. Evidently alarmed by the fracas outside, Wacker was rounding his desk. At sight of O'Shane, blood dripping from a useless arm, the gambler jerked to a stop. His hand dove beneath his coat. As the redhead's slug took him above the heart he

swayed sideways, grabbed the edge of the desk with his left hand and, by a supreme effort of will, drew his derringer from its shoulder holster. Wavering, the gun came up. Lips grim set, O'Shane fired again. The stub-barreled weapon dropped from Wacker's relaxed fingers. Grasping the desk with both hands, knuckles showing white, he desperately strove to remain erect. Slowly, he slumped forward, across the desk, his life's blood coursing in tiny streams over its polished surface.

O'Shane holstered his smoking gun and moved close. Some papers lay on the desk, rapidly reddening as they sopped up blood. Idly, the redhead scanned the topmost—it was the deed to the Double O. "Soaked in blood," he muttered, "like that blasted ranch."

An excited mob of riders and girls poured into the office. O'Shane sank wearily into Wacker's chair. "Get the doc!" he ordered listlessly.

Arm banded tightly to his side, the redhead watched four men limp from the office. Parker outside. Doc Sawyer, ruddy-faced medico, coroner and undertaker, repacked his black bag on the desk.

"Will he live, Doc?" inquired O'Shane, nodding towards the unconscious figure as it disappeared behind the canvas.

"Certainly he'll live," snapped the Doctor briskly. "As good as new in a month."

The redhead pushed through the canvas into the main tent. As though it had died with its owner, life had seeped out of La Bonita. Except for a group of frightened, chattering girls and a thin scat-ter of drinkers at the bar, the big tent was empty.

O'Shane mounted his pony and jogged down the silent street—his job was done!

To be continued

Discussion On Relative To Celebration

Discussion is under way in many sections of the city relative to the observance of the 150th birthday of the founding of Warren. Back in 1895 the centennial of the formation of the town was fittingly observed with a celebration which lasted for an entire week. At that time many Indians were encamped on the fair grounds on the South Side and many state dignitaries from towns in this section were in attendance.

Relative to any celebration the Chamber of Commerce has appointed a committee composed of Frank Wood, Paul Braunschweig, Nat Drake, George Frantz, P. M. Printz and Ed Walker to look into the possibilities of the celebration and its feasibility.

YOUNGVILLE NEWS

Youngville, March 8—At this week's meeting of council all members but one were present. Plans were made for repairing the bridge over Matthews Run on Highland avenue. The work will include putting in new flooring or planking on the sidewalk, as well as work on the bridge roadway. Consideration was also given to new borough equipment, which would include pumps for the water and sewer system. No action was taken.

FISH AND GUN CLUB

At the regular meeting of the Brokenstraw Fish and Game Club it was decided to send letters to all local men in service, showing the club that they were thinking of them and also informing these men that the club had voted to make them members of the club for the duration of the war and for one year afterwards. The membership of these men in service will have no bearing on the membership contest now in progress, which will close March 15. The next regular meeting will be April 6th. There will be special announcements later concerning this meeting.

WITH OUR SCHOOL

The P.T.A. is sponsoring the big St. Patrick's Day party which is being directed by the students' council in the social gymnasium from the seventh and including the evening of March 17. Pupils 12th grade are invited to the party, which has for entertainment a big floor show, a period of dancing and refreshments. The wearing of the green will be required for admission.

Why We Feature Printzess COATS and SUITS

BECAUSE, in a time of much sub-standard merchandise, Printzess Coats and Suits retain all of their pre-war quality.

Their famous 10-POINTS OF SUPERIORITY, which for over 50 years have made fashions bearing the Printzess label, unexcelled for fit and wear, are still part of each and every garment—not eight—not nine—the full 10 points of superiority remain.

1. PRESHRUNK FABRICS for lasting luster and beauty.
2. STANDARD SIZES insure perfect fit.
3. SHAPE-RETAINING CANVAS in the front, back and sleeves.
4. TAPING at all points of strain to prevent stretching.
5. CAREFUL PRESSING during manufacture to preserve fit.
6. SPECIAL TACKING to keep fronts straight and flat.
7. LINING SEAMS serged to eliminate raveling.
8. HAND TAILORING used throughout inside of garment.
9. GENEROUS OUTLETS at hems and seams to make adjustments easy.
10. FREQUENT EXAMINATION to assure perfection of detail.

We cannot in these days procure all the Printzess fashions we would like to be able to offer our customers. But to any woman fortunate enough to select a coat or suit with this label, we can assure the same satisfaction as before. Only Printzess coats and suits carry the quality seal of the United States Testing Company.

That is why we are proud to feature Printzess coats and suits exclusively in our city.

Special Information:

On several occasions customers have looked at the label in Printzess suits and coats,

"Printzess by Printz"

and asked if they were the same as the Printz stores.

The answer is NO

Printzess suits and coats are made by the Printz-Biederman Company of Cleveland, Ohio, and are sold in Warren, Penna., by the Davidson Company exclusively and there is no connection whatever with the Printz Stores selling men's clothing.

Kiwanis Club Has Movies At Meeting

The Kiwanis Club held its regular noon meeting Wednesday at the Carver Hotel. Of special interest was the showing of pictures of the San Francisco Bay suspension bridge by Henry Ledebur and C. W. Johnson. The entire span of the bridge is eight and one-quarter miles, and some of the towers reach as high as 500 feet above water level. Mr. Ledebur told that the center span is 2310 feet long, and that the diameter of the cables is twenty eight and three-quarters inches. The pictures showed that the bridge is a double-decker, one deck for automobile and bus traffic, while the other is for truck and electric railway traffic.

Guests at the meeting included H. O. Walker, group commander of the Civil Air Patrol, and W. H. Wood. Mr. Walker announced that the new CAP headquarters had been opened at 338 Pennsylvania avenue, east, and that all were welcome to visit the new quarters. J. A. Blomquist, chairman of the Steering Committee for united clothing collection drive being sponsored by the Kiwanis in April, gave a report.

No "Half-Way" Relief For Me

Give Me Moore's Emerald Oil Every Time—and No Foolin'

Yes that's what thousands demand when they want something besides half-way or half imaginary counter-irritant relief from muscular aches and pains of back, neck, shoulder limbs.

And for a chest and back rub to relieve local congestion after exposure to cold or dampness we believe you'll find Moore's Emerald Oil can't be beat.

Don't be satisfied with half-way relief. Get Moore's Emerald Oil to night and prove it. You must be satisfied or money back.

Struthers Cops First Playoff From Sylvania, 42-34; Meet Again Tomorrow Night at YM

The Struthers Wells quint moved ahead on a one-game margin last night in their three-game series with Sylvania in the City League playoffs by downing the green and white crew, 42-34, before the largest crowd of the season. Manager Red Swanson's crew made good a third period edge to cap the first of the possible three-game series with Ted Kaminsky, Sheffield P-W guard, pacing the way with 19 markers.

The Wellsmen hopped off to an early 4-0 lead, but Sylvania raced back to tie the game, and the first period ended with the iron-workers holding a slight 9-7 lead. Play was fast and stiff in the second period as the Green and White attacked to move out in front of the first half winners. Sylvania came within one point of equaling Struthers' second stanza scoring, and at halftime, the count stood at 23-20, with Swanson's quint remaining ahead.

The third quarter edge by Struthers proved the winning factor in the first playoff battle. The Wellsmen outscored Sylvania 11-6 in that period, increasing their margin to 8 points to hold a 34-26 lead at the third quarter mark.

The two quint were on an even basis in the final quarter, each crew collecting eight markers, with Struthers emerging the victor by a 42-34 count.

The two teams will clash in their second meeting tomorrow night on the Y hardwood at 8:30, and if Struthers cops the Saturday battle, they will be crowned champions of

the 1944-5 City League. Tomorrow night's card will include a preliminary battle between the National Forge and Blomquists at 7:30.

The Forgers copped the preliminary clash last night with Bakers, blasting away in the final period to move out in front and score a 43-37 decision. The Forgers held a 15-14 lead at the first period mark, and at halftime were still in the lead, 25-23. Bakers moved ahead in the third stanza as they outscored the Irvine quint, 10-4, to lead 33-29. In the last stanza, Nick Creola's aggregation scored 14 markers to the Bakers' 4 to cap the victory, 43-37. Lineups:

Reich Registering Males 16 to 65

London, March 9.—(P)—Germany today summoned every male in the Reich from 16 to 65 years of age to register with military authorities in a drastic effort to unscramble tangled army units and scrape up more manpower for defense.

Hinting at the confusion prevailing, a decree broadcast by DNE apparently had for its purpose the rounding up of deserters and the sorting out of soldiers lost from their units. It said: "Many people have sought shelter in the interior of the Reich during the last few weeks. Workers and officials: have lost their working places and soldiers were cut off from their units."

The decree then cancelled all furloughs except for reasons of ill health.

Gen. Hodges Pours Troops By Thousands Toward East Bank of Strategic River

(From Page One)
Remagen is 30-miles south-southeast of Cologne and 20 miles northwest of Koblenz, where American Third Army elements stood a bare four miles away.

No great German cities lie immediately beyond Remagen, but a drive eastward would flank the great Ruhr basin. A smash northward would overrun its cities and war factories which near the start of the conflict supplied Hitler with three fourths of his arms. A drive southward up the Rhine would encircle the whole Saar industrial district and the Palatinate.

At Remagen, the Ludendorff railroad bridge crossed the steep bank river more than 1,000 feet wide, under the shadow of the 626-foot, Eifelstein. Lei. besaltic cliff where a memorial to Count Zeppelin stands.

BULLETIN
New York, March 9.—A new U. S. army—the 15th—has gone into action on the Western Front as a part of Lt. Gen. Omar N. Bradley's 12th Army group, an NBC broadcast from the front said today.

Superior headquarters declared the exact site of the bridgehead was a matter of military security, since the Germans obviously were caught off balance.

Other First Army divisions teamed with the Third Army in rapidly wiping out a great Eifel mountains pocket in which perhaps 50,000 Germans are facing doom. The jaws of the trap along the middle Rhine were only 15 miles or less between Remagen and Mulheim, capturing the town four miles from Koblenz where another Third Army established occupation headquarters after the last war.

Two thirds of the Koblenz plain was captured, the rest was being overrun with ease and speed.

BULLETIN
Before Koblenz, Germany, March 9.—(P)—The U. S. Third Army won domination of the Rhine north of Koblenz tonight by capturing the ferry terminal of Andernach and the town of Broll, eight miles south of Remagen.

To the north, the Canadian First Army captured the bitterly contested Rhine ferry point of Xanten mentioned in the Nibelungenlied as the birthplace of Siegfried. The Wesel west Rhine pocket was hammered down to a triangle containing no more than 20 square miles. Wesel itself was within five mile artillery range. The Canadian army also captured Alpen.

The troops battled also for the last fourth of Bad Godesberg, three miles upriver from Bonn—where Hitler met the late Neville Chamberlain who was seeking "peace in our time" before Munich.

The exploits of the First and Third armies constituted one of the greatest victories in the career of Lt. Gen. Omar N. Bradley, commanding the 12th Army Group.

Opening Meeting of Drive To Be Held Tonight

(From Page One)
L. Knappenberger, pastor of the Grace Methodist church, will deliver the invocation and the War Fund Campaign will be under way.

Committee Chairmen who have been laying the groundwork of the drive and who have been busy for weeks getting their teams lined up and work assigned will be introduced. They are: C. T. Conarro and Chester S. Allen of the Industrial division; E. H. Ley and E. V. Lesser, Commercial; Mrs. E. G. Hamilton, Residential; L. F. Morlock, chain stores and firms; John G. Rossman, government and schools and Ray S. Thompson, who heads the entire county organization from which a goodly share of the total fund will be received.

John G. Rossman, superintendent of schools, will give a short talk on the needs of the campaign and stress the importance of each worker seeing personally, every name on his or her list.

Campaign headquarters will then issue the workers supplies and give the minimum number of instructions necessary in any activity of this nature. Adjournment has been set for 8:30.

A final appeal was made yesterday and this morning to all team captains to have the entire personnel of their team present at the meeting this evening. And, anyone connected with the War Fund in any way has been warned of the necessity for getting, all calls made promptly. It is hoped that the report meeting of Monday will see that goal comfortably in sight so that there will be no doubt as to the successful conclusion of the War Fund next Thursday, March 14th.

Industrial organizations and firms having Red Cross flags are asked to keep them on display through the War Fund drive. Business firms, stores, factories and other establishments having posters or other displays to further the cause of the Red Cross are likewise asked to give them prominent display for the next five days. Additional posters may be had, if called for soon, at the War Fund Headquarters, Room 508, Warren Bank and Trust Building.

Ohio River Is Nearing Crest At Portsmouth

(From Page One)
safe behind a 73-foot floodwall—awaited crests of 47.9 and 61 feet, respectively, today.

While hundreds of square miles of nearby lowlands were inundated by the muddy overflow, Portsmouth remained dry because 15 feet of concrete were piled on the wall over which a flood poured in 1937, causing property damage of \$16,000,000.

The concrete wall will hold back a 77-foot stage, but it terminates at highlands, east of the city, and this is where the sandbag dike is needed.

Two-thirds of the city's area, including the business section, was virtually deserted. Approximately 9,000 residents of the low-lying area, which would be flooded to a maximum depth of seven feet should the dike break, had moved to the hilltop section.

Nazis Caught Flat-Footed In Great Gamble of War

little sympathy for their dead soldiers. These people are too sick of war and bloodshed to care much now who gets killed. They only hope dully that the war will be over soon.

The crossing grew more dangerous by the hour. The German big gun fire, sporadic though it may be, took its toll.

The Yanks streaming toward the crossing site can see a procession of American ambulances going in the opposite direction—the victims of the fighting on the east bank.

Advocates of the senate bill have given it a "voluntary" tag.

confusion and the Soviet bombers and Stormoviks strafed the Germans mercilessly.

While the air force stepped up its attacks, Russian ground troops were reported to have assembled boats and landing craft along the banks of the Dammescher See, farther north, where a crossing to the west shore may already have started in an outflanking maneuver on Stettin.

CORYDON

Corydon, March 6.—Leslie R. Stryker, one of Corydon's well known citizens, was honored Tuesday evening, February 27th, by the Salamanca Masonic Order, when he was presented a fine medal, of which he is very proud. A member of the Masonic order 32 years, June first, Mr. Stryker was presented the medal which bears his name, by an officer of the order who also made the presentation speech—one commending the Corydon man highly for his long and meritorious membership. Owing to the lateness of the banquet, Mr. Stryker did not remain. He did, however, deem it a great pleasure when he was escorted to the home of a brother Mason for a visit, one of the few left of a group he had formerly known. A graduate of Buffalo University where he took up the study of pharmacy, Mr. Stryker returned to Salamanca, where he was employed in a drug store for some time, in later years coming to Corydon, where he established a store of his own.

Mrs. W. P. Williams returned Monday from a visit with Mr. and Mrs. Glenn Williams and family in Little Valley. She also visited her son in Great Valley and the George Blacks of Kilbuck. During her stay in Little Valley she attended a family birthday dinner party tendered Billy Williams by his parents. Billy has been accepted for the United States Navy, leaving when called. Among those attending the dinner from away were Mrs. Alice Williams, Rebecca and Benny Williams, Warren, Mr. and Mrs. Geo. Black and son, Joe, Kilbuck; the George Schober of Great Valley and others.

Mr. and Mrs. George Prue have returned to their home here following the winter months spent in Salamanca.

Mr. and Mrs. William Pascarella and daughters, Maria and Felice, were Sunday callers of the Alfred and James Pascarella and Mr. and Mrs. R. R. Wilcox.

Mrs. Rubie Day, Detroit, wrote local relatives recently that Captain Craig Browne, flight surgeon, had spent the night with the James and Ivan Days. His plane was grounded in Cleveland.

Miss Celeste VanSickle was a recent overnight guest of Miss Beverly Prue during her stay in Salamanca.

Dr. C. C. Platt and Mrs. Platt, Kinzua, and Mr. and Mrs. Joe Cousins and son, Jamestown, spent a short time Sunday with Mrs. Nora Crooks.

Corp. and Mrs. Leslie Pierce, Salamanca, were weekend visitors of the James R. B. Caldwell.

Mr. and Mrs. George Oberlin have returned to their Corydon home following the winter months spent in Bradford.

Edwin Tome has returned to Cleveland after a few days here with his parents.

Mrs. Clyde LaDow and Mrs. Dorothy Harding spent Monday in Salamanca.

LUDLOW

(From Page Eleven)
Following an operation, she is making a splendid recovery. Her sister, Miss Victoria Peterson, who spent the time with her there, also returned on Thursday.

Mr. and Mrs. Andrew Blair, Miss Thelma Peiper, Mrs. Wilmer MacArthur and Mrs. Leroy MacArthur spent Sunday with Miss Lucille Blair at Indiana State Teachers' College.

Miss Mary Catherine Mathers spent the weekend in Erie.

The Community Association Board and the wives of its members were entertained at the home of Mrs. E. W. Swanson on Friday evening. Regular business was reviewed.

Dust Clouds Rousing Ire Of Merchants

Pennsylvania avenue and other streets of the borough on which tons of cinders were placed during the winter when snow and ice made the streets slippery are now dusty. Passage of cars and trucks is marked by rising clouds of dust that blow into stores and apartments along the streets and rouse the ire of residents and merchants.

It was announced at a recent meeting of the Town Council that the street sweeper was in need of repair and not in shape to place on the streets to gather up the dust. The street department is so short handed that men cannot do the task of sweeping the streets.

A suggestion made that the streets be washed in such a way that the accumulation of dust and cinders be carried to a higher point in the streets where it could be hauled away met with favor. However no washing has as yet been done and sidewalks along the street are covered with dust and dirt and much damage is being done to the stocks in stores.

Perhaps a Saturday night bath may be in the making, who knows?

County Lags In Shipment Of Salvage

Warren county shipped only about one-half its quota of waste paper during the month of February. This was revealed, this morning in a general salvage report for that month, issued by W. T. Corbett, chairman of the Warren County Salvage Committee.

"We are not very proud of the waste paper shipment for February," Mr. Corbett commented. "However, if everyone does his duty, we should double that amount for March, especially since we have scheduled March 21 for a county-wide collection. Reports from county schools are very encouraging."

The detailed reports for February are as follows: 454 gross tons steel and cast scrap; 80,395 pounds brass, copper, lead and aluminum; 131 net tons waste paper; 5,209 pounds waste fats; 28,000 pounds rags.

Music Boosters To Incorporate County Lags To Strengthen Organization

Action was taken at the March meeting of the Warren School Music Boosters Club, held last evening in Beatty school auditorium, to incorporate the organization and President Basil White, appointed the following committee to work out the details with Attorney William Glassman: Don Folkman, chairman; Harry Thurn, Creed Erickson and William Taylor.

The vote was taken by the membership after the secretary, Mrs. William Fuelhart, had read the recommendation made by the board of directors at a meeting held prior to the general meeting. Mrs. Fuelhart also read the minutes and treasurer's report and expense of an advertisement in the 1945 Dragon was approved. Mr.

White appointed the following nominating committee to report a slate of officers for the May session: Henry Bliek, chairman; Mrs. N. K. Wendelboe and Herman Kaebnick.

The program for the evening was presented under the direction of Miss Twila Hoover, vocal music instructor in the schools. Opening the program, the high school a cappella choir sang three selections: "Now Let All the Heavens Adore Thee," with Lillian Ristau as soloist; "O Lord Most Holy," Joseph Guiffre, soloist, and "Recessional".

For the second group, the Beatty Octet sang "Massa Dear," "How Can I Leave Thee," "Prayer," "Hansel and Gretel" and "Ah, Sweet Mystery of Life." These singers were Joan McDonald, L. G. Furman, Ann Livingston, Joan Finley, Blaine Laufer, Elwin Babcock, Jack Nelson and Calvin Olson.

Appearing for the closing group, the choir sang "Sleep" and "Mountains". This was the first opportunity many had had to hear the choir in recent months and the generous applause of the large audience was a tribute to both the singers and their leader.

Adjourning to the school cafeteria, the entire group was served cream puffs, chocolate milk and coffee by Mrs. J. C. Ellis and her committee: Mrs. A. F. Dunham, Mrs. J. C. Harrington, Mrs. J. B. Leidig, Mrs. Dorothy Engstrom and Mrs. R. E. Hook.

Tolerance

Marcia Johnson, 202 Jackson Avenue
Honorable Mention in Brotherhood Week Essay Contest

Tolerance means more than enduring opinions of which we do not approve. It goes much deeper than that. If we wish to be tolerant, we must respect the opinions of others and believe that they may be just as good and correct as our own.

A great deal of the trouble in the world today is caused by intolerance. The shameful race riots are a disgrace of which the whole nation is rightfully ashamed. The great principles upon which this country was founded mean nothing if we who uphold them forget and bring suffering on a so-called lesser race in the midst of these trying times when the whole world is looking to us for leadership in the war and coming peace. If this is the sort of thing which we permit in our country, are we fit to lead the world? When men are so blinded by prejudice that they cannot discern their own shortcomings, are they then to guide the course of future affairs in other countries? We must work together, through education, to promote more friendly relations among people of social and cultural differences in our country. The forces which are seeking to divide us by hate and bigotry are being opposed by efforts to promote sympathetic understanding and cooperation.

It is significant that the nations which have wrought most of the suffering on the world today are those which believe in race superiority. Many Americans are fighting to preserve our fundamental rights. Are their sacrifices to be in vain? If the same ideas of prejudice, rancor, and racial and religious intolerance again stalk the world after the war, we shall have

accomplished little or nothing. If we are to succeed in building a lasting peace for which so many have dedicated their lives, we must begin by being tolerant. National isolationism is at an end, and all must work together for peace, neighborliness, and mutual understanding. The iron of hate has gone deep into many hearts, and it will take a great deal of effort to bring love and peace into embittered nations where there is now only hatred and revenge. Nevertheless, a world-wide faith that is loyal to its convictions of permanent peace will someday unite the world into a closer brotherhood of men.

The March meeting of Pleasant PTA opened with singing of "The Star Spangled Banner" and prayer by President Susie Beebe. Miss Stamford's room received the attendance award and the Victory Bond went to Vincent Musante. Mrs. Arthur Chapman presented an interesting program, which consisted of a talk on chinaware, "The Chinese Legend" by Miss Katie Peterson and two vocal solos by Dale Holcomb, accompanied by Maxine Beebe.

War Footing Pinches on the Japanese Home Front

AP Newsfeatures

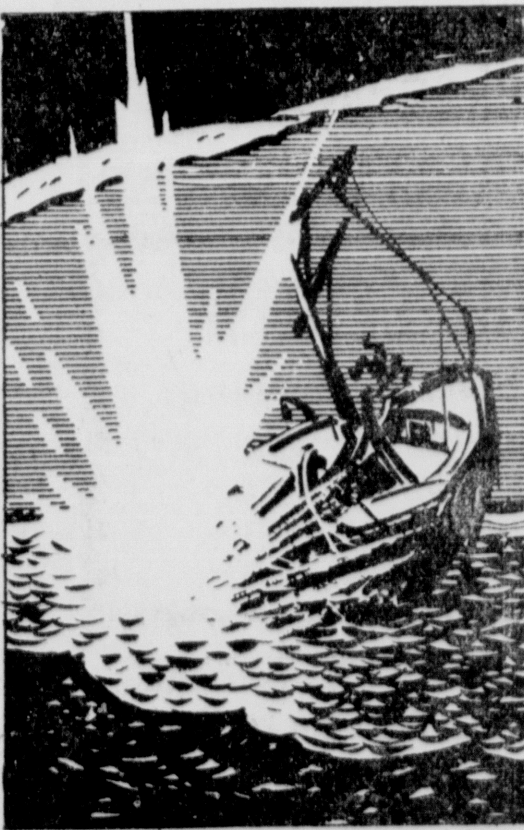

THE JAPANESE, in their death fight for the Emperor, have achieved a total mobilization including more and greater home front sacrifices than Americans have ever seen. Here is a report on Japan today, based on official U. S. studies.

RATIONING: Japan rations all food, clothing, medicine, gasoline, fuel and matches. Bread, meat, milk and other "luxury foods" are almost unobtainable. Clothing is shoddy. This woman finds her synthetic dress shreds after washing.

HOUSING: Japanese houses usually are flimsy, made of wood and tile. They deteriorate rapidly, but few new ones have gone up since the war. Acute shortages exist and rents soar. This man tries to repair his war-wrecked shack.

FISHING: Japanese draw much food from the sea, but fishermen and fishing boats now are scarce. War losses—as when ships hit mines, illustrated above—add up to hunger. Natives are now urged to raise their own chickens, pigs and rabbits.

MANPOWER: Males 12 to 60 not in service and females 12 to 40 must work in essential jobs, averaging 84 hours a week. Students work part-time. Most geisha girls and many Buddhist priests work in war plants. Foreign labor is imported.

CIVILIAN DEFENSE: The Japanese have dug shelters and sidewalk trenches in Tokyo. Civilians are evacuating the city; those remaining must wear "dog tags." Food is being stocked in places thought safe from bomber attacks.

TRAVEL: Pleasure trips are banned. Business travelers, like the man above, carry only one bag, limited to 40 pounds. Sleeping cars are a casualty. The few private automobiles—mostly official cars—are powered by coal or charcoal.

THE RHINE

The Rhine river, from The Netherlands border to Karlsruhe, marks off a huge segment of western Germany as a natural theatre of war, says the National Geographic Society.

Bounded on the west by The Netherlands, Belgium, Luxembourg and France, this territory, out of which Allied forces are slowly chopping pieces, has roughly the form of a triangle. Its broad base rests against the French boundary in the south; its northern tip reaches deep into The Netherlands.

The German "no man's land" has an area of about ten thousand square miles. Along its southern edge lies the Saar region, normally one of Germany's leading industrial and coal mining centers.

The country through which the Allies have fought their way to reach the Rhine is hilly and mountainous in the south, low and open in the north. It is crossed by many Rhine-bound streams, big and little. Some of the Rhineland rivers, such as the Mosel and Roer and the Saar, have already become familiar as battleground names.

Once reached, the Rhine is itself a formidable barrier to penetration toward the heart of Germany. Some 300 miles long, The Netherlands-to-Karlsruhe stretch of the river presents a broad and often swift-flowing stream, guarded by such long fortified sites as Cologne, Koblenz and Mainz. After the first World War, when Allied troops occupied the Rhineland, these three cities were the main headquarters of the victorious armies. American forces remained in Koblenz and nearby stations until 1923.

The Rhine gorge—between Bonn, upriver from Cologne, and Bingen, near Mainz—is the narrow middle section of the river, noted for its castle-topped crags and terraced vineyards; the rocks of Lorelei and the Mouse Tower of legend. At the hill-set town of Bingen the Rhine is only 820 feet across, compared with a reach at Mainz of 1,410 feet.

As a traffic artery, the Rhine has long been one of Europe's busiest thoroughfares, handling many millions of tons of coal, iron ore, wheat and other products of normal trade. When the battle lines were far from Germany, it was a convenient passageway for Nazi war materials.

Extensive railway and highway communications parallel the river, fed by lines coming into the valley from both sides. Along the gorge section, rails and roads run close to the banks of the stream, hemmed in by overshadowing heights, while in the broad rift area they follow an irregular course, linking valley towns set back from the water's edge. Hundreds of bridges cross the Rhine.

These are the days when spiritual inspiration means much to worried minds and hearts. In your church this consolation is to be found at worship on Sunday.

Didn't take many days of spring sunshine to start the political pot to sizzling.

LENTEN SERMONETTE

Rev. Philip W. Schlick, Russell Methodist Church

Lent is a particular season of the Christian year which stimulates Christian people to zealous spiritual activity. This is all well and good; however, there is one danger to avoid. Through misunderstanding of the Lenten season and through a false interpretation of the Christian life we're liable to become the type of individual who doesn't believe in sin during Lent. The inference which follows is that standards are forgotten the rest of the year. This conception of Christianity would be folly.

Now, we're all agreed, I'm sure, that Christianity is concerned with habitual service and a steadfast faith rather than a temporary or spasmodic experience. Therefore, let us heed this warning lest we become "occasional Christians." However, this suggestion is not meant to detract from the seriousness of the Lenten season. And we ought all to enter into a period of soul-searching during this time of special commitment.

Dr. E. Stanley Jones has given this illustration: "When the Titanic was going down and people were rushing for lifeboats, word was passed down the line to the officers in the crisis, 'Be British!' It was a great watchword, for it upheld the great traditions of a seafaring people built up through the centuries. But on board was the man under whom I was converted, the Rev. Robert Bateman, and as they stood on the sinking ship awaiting death, having put the women and children in the lifeboats, he struck up a hymn in his deep triumphant voice. And as the ship went down they sang. What he said to the people with fearful hearts and blanched faces was, 'Be Christian!'"

Our need for every and all time of year, including Lent, is just this, "Be Christian!"

Gifts To Mark Birthday Of Girl Scouts

On Monday, March 12, the Girl Scout movement in the United States will be 33 years old, and the event will be publicized nationally in radio programs and newspapers.

Locally, Girl Scouts will observe the birthday at their troop meetings by presenting their gifts to the Juliette Low Fund. The fund, which is a memorial to Juliette Low, the founder of Girl Scouting, is used to promote friendship and understanding among girls of many nations.

In 1944, nearly \$50,000 was contributed by Girl Scouts to the fund and it carried to the war-stricken children the good wishes of a million American girls. The largest gift was to China, where \$10,000 gave many orphans a chance for life. Girl Guides in France and Great Britain received \$5,000 for relief work. Holland, Luxembourg, Russia, all shared in the fund to the extent of several thousand dollars.

One of the most interesting expenditures was \$1,000 to be used for the support of undernourished refugee children who are being cared for at the Girl Scout Chalet in Switzerland.

No amount is suggested for contributions, but several Warren county troops have decided to each bring as many pennies as they are years old.

Instead of an extensive celebration at this time, the local Girl Scouts are planning to concentrate on the 10th birthday of the Warren County Girl Scout Council, which will take place in May. The main event of that week will be a pageant on Friday, May 4, in the auditorium of the high school, in which several hundred Girl Scouts will take part.

Many Planning Getting Out For Fox Hunt

The fox hunt which the Warren Field & Stream Club will hold Sunday, March 11th, is sure to be enjoyed by a large crowd. A showing of hands at the Club meeting last night indicates that about a hundred of the members present last night will participate in the hunt, and it is estimated that at least another hundred will turn out to share the thrills of the hunt provided the weatherman cooperates.

The sportsmen will meet at Finley's Store at 9:00 o'clock and will drive to a point between Russell and Scandia for the hunt. Those members and friends who find it more convenient to do so may meet the Warren members at Russell about 9:30. Shotguns only will be permitted.

If the boys get any fox or not, they're going to enjoy a fox hunt lunch together, and if the weather is favorable this phase of the hunt will surely be the most enjoyable, as it was all last year.

Foremen's Club To Meet Monday

An address on "Rehabilitation and Industry" will feature the March dinner meeting of the Warren Foremen's Club to be held in the Y. M. C. A. next Monday evening at 6:30 o'clock. Dr. Bidle's talk will deal with the problems related to the rehabilitation of discharged service men as they re-enter local industrial employment.

In addition to the address, there will be two educational motion pictures, one of them titled "Only a Gasket" and the other a beautiful colored film on the country of Colombia. The report of the Nominating Committee will be present also.

Every Man and Woman Urged By President To Help Grow Food

In a remarkable appeal, based on a serious food emergency, President Roosevelt has called on "every man and woman" in the United States to help produce food this year.

Residents of cities, towns and villages are especially addressed, since the farm population is already concentrating on this activity. The president specifies four ways in which the urbanites can help, as follows:

Victory gardeners should continue their good work.

Home canners should carry on until the war is won.

City, town and village residents should give aid to farmers, wherever possible.

They should also give spare time to helping food processors.

The president's appeal, which was issued from the White House just prior to his departure for the three power conference, gives a serious picture of the food emergency. Demands have increased, and many of our favorite foods are scarce.

"During the past three years every American who has played a part in the job of growing, conserving, harvesting, distributing and processing our food supply has done a magnificent job," his statement said.

"As we enter a new year, the demands for our food at home and abroad are so great that it is essential for every man and woman to do everything to help in the huge task of getting the food produced and seeing that it is conserved and shared. Many of our favorite foods are scarce.

"To this end, I ask the people in cities, towns and villages to assist our farmers in every possible way to reach the food goals which have been set for this year.

TEACHERS MEETING

The postponed meeting of the Teachers Association of the First Presbyterian Church School will be held this coming Monday evening in the church parlors, beginning at 7:45 p. m. Featuring the program will be an address by Rev. S. R. Schieb on "Work with Prisoners of War." All teachers and officers of the church school are urged to be present to hear this interesting talk and to assist with the business of the meeting. The Junior Department teachers are in charge of the program, including the social period at the close.

PLAN ANNUAL MEETING

The regular monthly meeting of the Y. M. C. A. Board of Directors was held at the Y. M. C. A. yesterday at 5 p. m. Except for the appointment of two committees, the business of the session was made up of routine matters. The committees appointed by President Alexander were: Nominating, M. R. Emery, Fred A. Keller and Frank E. Redding, the first named being chairman and representing the Directors and the latter two representing the "Y" membership at large; annual meeting, D. H. Mowell and H. G. Eaton. The annual meeting and election of Directors will be held in May.

Record Group Sees Movies of Big Game Hunt

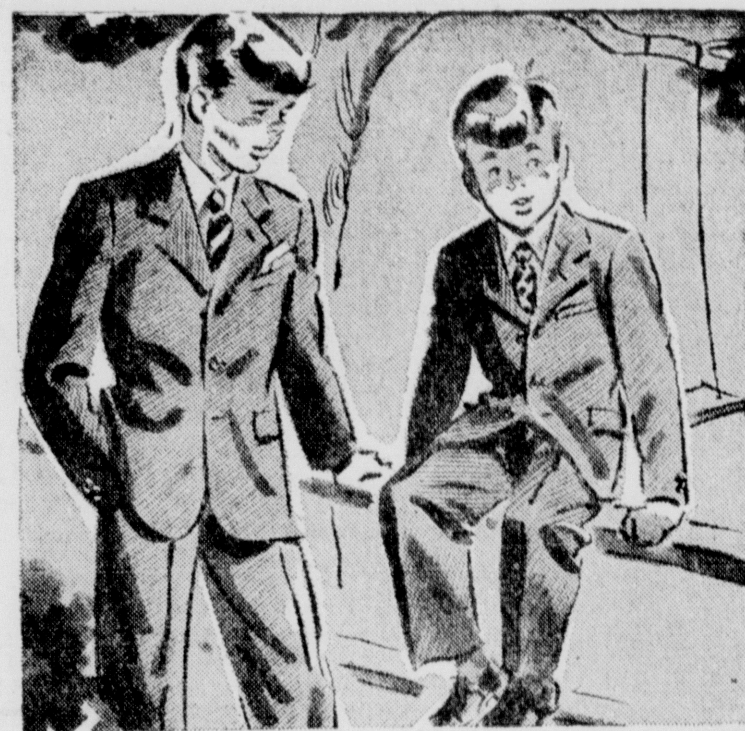

The largest crowd ever to turn out for a Warren Field & Stream Club meeting were on hand last night to hear O. C. Brock of Erie and to enjoy moving pictures taken by him on some of his big game hunts in Northern Canada. He entertained for two hours—and through the magic of his camera took the crowd right with him to the north country—on moose hunts, bear hunts, on dog sleds, and snow shoes. A comfortable speaker, easy to listen to, and full of hunting experiences which every member would like to enjoy for himself, Mr. Brock did indeed provide an enjoyable evening for the Club members.

Unfortunately the crowd which turned out to hear him was far larger than was expected and there were nearly a hundred sportsmen who couldn't even get in. Every seat and all standing room was filled by the three hundred sportsmen who came early.

The Y. M. C. A. has asked that all those who wish to attend the dinner contact the "Y" office no later than 10 p. m. tonight to make reservations.

Everything Set For Community Party Tonight

The final rehearsal for the community young people's party show was held last evening at Beaty school. This is the show which the Committee on Community Recreation will take to Jamestown one week from tomorrow night. Some changes in continuity may be made after tonight's party but the acts will remain the same.

The acts themselves will not be announced until ten o'clock tonight, hour set for the first floor show. Charles Brown is again master of ceremonies and has a group of 14 young people to perform, in addition to an orchestra specialty.

Nick Geracimos and John Knapp's orchestra will furnish the music for dancing and will also go to Jamestown with the committee on March 17th. The invitation to the Rec. Jamestown's High School youth center, has been extended to members of community recreation committee, the members of the floor show and orchestra. There will be inadequate space at the Rec for other Warren young people to attend the performance in Jamestown.

The doors open tonight at 8:30. There will be dancing in the gym, table games and ping pong in the game room, two auditorium shows at 8:45 and 9:15 on the Beaty stage and refreshments available to everyone at the food and soft drink bars. The party is for any young people in the community in their teens and not over twenty-one.

Hope Summers Is Well Received In Dramatic Program

It is to be regretted that more persons did not avail themselves of the opportunity for a fine evening of entertainment provided by the Woman's Club Entertainment Committee when it presented Hope Summers in her program of drama at the clubhouse last evening.

Those who did attend were delighted with her ability to create the setting, to give an interesting word picture and fine characterization of several of the day's leading stage hits.

She opened her program with "Harriet", the life work of Harriet Beecher Stowe, as related by Florence Ryerson and Colin Clements. This drama was followed by Robert Sherwood's "There Shall Be No Night", the tale of a New England woman's life in Finland; "Over Twenty-one", a picture of officer's training camp by Ruth Gordon, and Moss Hart's "Winged Victory", a picture of today's world conflict seen through the eyes of a group of Air Corps trainees.

Miss Summers was introduced to her audience by Mrs. J. W. A. Luce after Mrs. W. E. Yeager, accompanied by Mrs. Harriet Wilkins, had sung the national anthem.

FOLKS, THE RED CROSS DESERVES YOUR HELP I know! I saw!

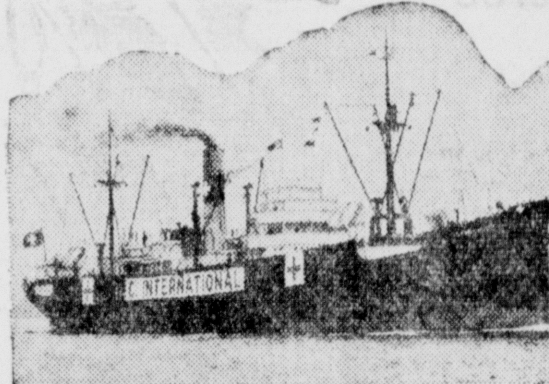

BOB HOPE reports on

the Red Cross in action

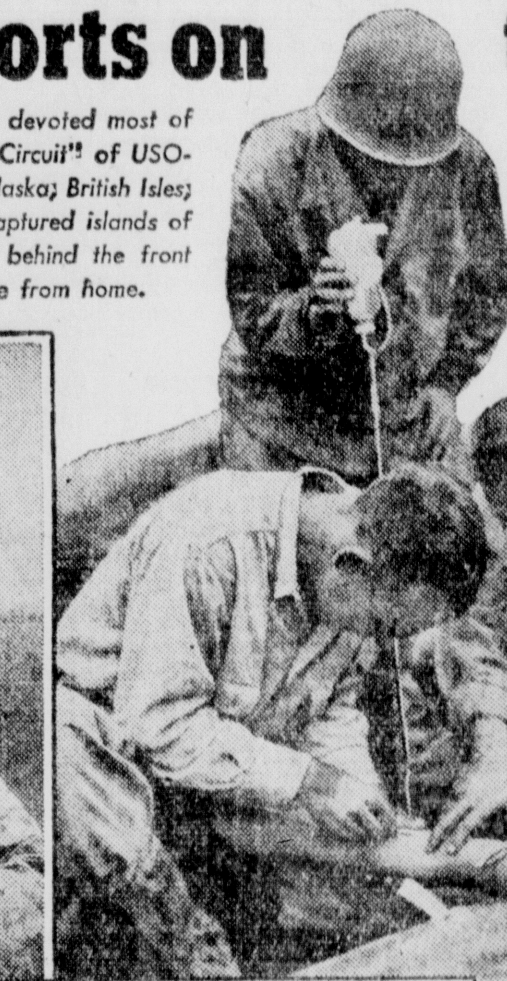

Bob Hope should know. He saw. For two years he has devoted most of his spare time to entertaining G.I.'s on the "Foxhole Circuit" of USO-Camp Shows. Hope has made 'em laugh in Panama; Alaska; British Isles; North Africa; Sicily, and most recently through the captured islands of the South Pacific. His audiences were men relaxing just behind the front lines. He knows how they appreciate a friendly service from home.

I SAW the Red Cross bring news from home to a worried son! Not all the worries are at home. A soldier in a distant Pacific Station was worrying why a letter to his mother had been returned to him marked "unknown." Was she sick? Alive? What had happened? Through his Red Cross Field Director and National Headquarters came a request to investigate and report. The mother was found to be all right and her address correct. But just after she had moved to her new location about 6 months previously, the mail man "thought he had returned a letter." A small matter perhaps, but terribly important to a dear one so far away.

I SAW a Red Cross ship taking food to our men in prison camps! Thousands of our men in enemy hands would be near starvation were it not for the food, clothing and medical supplies sent by and through the Red Cross.

I SAW the Red Cross playing mother to homesick, war-weary fighters! There are more than 700 Red Cross Clubs overseas. Some of them are like big hotels. They're headquarters for meals, snacks, tours, dances, games, books, home newspapers.

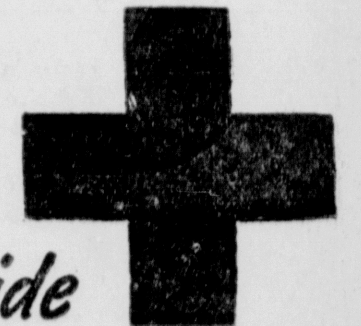

I SAW the Red Cross handing out kits to the wounded in a hospital! When a man has lost everything but his dirty, blood-stained uniform—these comfort kits are worth their weight in gold. They contain toilet articles, cigarettes, candy.

I SAW the Red Cross greet fliers just back from a mission! I saw a Fort come in—with dazed, haggard men crawling out of her. A Red Cross clubmobile pulled up beside the plane. And the fliers' strained nerves relaxed over American doughnuts, American coffee, American girls' smiles!

Warren Boys Enjoy Action In Pacific Area

Writing from somewhere in the Pacific, Pfc. Howard L. Clark, Times-Mirror circulation manager on military leave, tells of some of the action he has seen in recent weeks with a Marine detachment aboard one of the fleet battleships.

Enclosed, also, is a copy of the Valentine issue of the shipboard publication, in the masthead of which is found the name of another former Times-Mirror employee, Mason Marlett, serving with the regular navy on the same battle wagon.

Pfc. Clark writes in part: "I haven't had much time to write and very little to write about, but the time has come when we can tell where we have been and what we have done—that is up to a certain point.

"We have participated with the task force striking Luzon, in the Philippine Islands, and were with the task force striking Formosa. And, here is something, we went into South China Sea, striking on Camranh, and Saigon Bay in French Indo-China, also. Hong Kong, China. A few more places we hit were Okinawa and Ryukyu islands up in the Rikyu Islands. I guess that is enough to give a picture of what we have done and where we have been. When we got into South China Sea, Tokyo Rose (she's a news commentator) said she didn't know how we got in there but we couldn't get out—but we did. We all get a big kick out of what she says.

"I've received some papers of November and December and just part of January. Enjoyed them very much, especially the Men in Service column and Times Topics, and that article about Dr. McCune in the December 4th issue was all right. Both 'Mully' and I are fine. We have coffee together nights quite often. It was in our news sheet about the five deer floating on the ice and landing in town."

WOUNDED IN ACTION
Mrs. Charles C. Peterson, of Chandler's Valley, has received word that her brother, Pfc. Richard E. Goodard, has been wounded in action in the South Pacific. Pfc. Goodard has been overseas, serving with an infantry unit of the 35th Division, for the past 18 months. He was first sent to the Hawaiian Islands, then to the Marshalls, Marianas, New Guinea, and then to the Philippines, where he has been for the past four months.

WOUNDED IN GERMANY

A telegram from the War Department to Mr. and Mrs. Anthony Corbran, 214 Center street, has brought the news that their son, Pfc. Jerome "Jerry" Corbran, was wounded in action in Germany on February 23, while with the 102nd Division of the Ninth Army. He is in a hospital somewhere in France. They have had a letter from "Jerry", also, saying that his wound is of the slow-healing variety and he expects to be hospitalized about two months.

Pfc. Leigh J. Hall is visiting at the home of Mr. and Mrs. Roy Buchanan, Warren RD. 1, while on a 15-day delay en route from New Orleans, La., to Indiantown Gap.

ENJOYED RECESS

From an Air Service Command station somewhere in England it is reported that S/Sgt. Gail R. Hansen, son of Mr. and Mrs. George H. Hansen, 226 Canton street, recently enjoyed a "recess" from aerial warfare at an ASC rest home which was a remodeled English manor house. After seven days he returned to his battle station. S/Sgt. Hansen has completed 22 missions over Nazi-dominated Europe. Before entering the army he was employed as a chemist by the National Forge and Ordnance Company.

LT. NELSON GETS BIRTHDAY SURPRISE

Lt. Alice C. Nelson, stationed with the 32nd Evacuation Hospital in France, was happily surprised on her birthday, February 20, when she was notified she had been promoted to first lieutenant.

BACK IN STATES

Mr. and Mrs. C. W. Schuman, R. D. 1, Warren, have had a phone call from their son, Lt. William Schuman, from Utica, N. Y., where he is hospitalized. Lt. Schuman, with the armored division, was wounded in France on December 5.

Pvt. Richard M. Johnston, of Sioux Falls, S. D., and Pvt. Gretta Vivian Johnston, of Alamogordo, N. M., are enjoying furloughs with their parents, Mr. and Mrs. G. C. Johnson, 9 Biddle street.

Pfc. Richard Falconer has returned to Camp Upton following a short furlough with his parents, Mr. and Mrs. Stuart Falconer, of

Lenten Talks Add Interest To Gathering

Again on Thursday night, St. Paul's Lutheran Brotherhood had a splendid attendance, a well-planned and informative program and genial evening of fellowship.

Ernest Anderson, a Warren county authority on strawberries and chickens, presented by blackboard and speech a clear exposition of reasons for and methods of developing best standard of chickens, using illustrations to prove the marvel and miracle of creation.

The reason for and benefit to be derived from proper observance of the Lenten season was the subject of a challenging talk for self examination by Rev. Nore Gustafson. He explained that Constantine the Great instituted by decree the observance of the first Lent, in the year 325 A. D. Pope Gregory the Great in the year 604 issued the first encyclical for 40 days of fasting during the Lenten season, Lent, the English word, is derived from the Anglo-Saxon "lencten", denoting spring and lengthening of days.

The pastor asked, how will we meet the challenging message of Lent, "What think ye of Christ?" Will we follow His "Follow me" in sacrificial service, obedience to our God, love for our fellow men? Never in world history has this clarion call been so insistent and necessary. The world is looking to our country, to us. Let's support our leaders in nation and church.

Miss Carol Johnson pleased with a vocal solo, accompanied by her mother, Mrs. Ned Johnson.

Ned Johnson acted as chairman for presentation of the program. Hosts were Ned Johnson, Melbourne Karlson, Carl Look and Hilding Lundahl.

BY TOM WEST

Chapter 24
THE redhead thrust his hand between them. They were still warm. O'Shane fought a growing premonition of trouble. In vain he sought to reassure himself. Parker had probably been called out to quiet a disturbance in a saloon or arrest a drunk. Why should Wacker make trouble on this particular night? He wandered outside and gazed uncertainly up and down the shadowed street. At the north end of town, its canvas walls glowing from the lights within, Wacker's makeshift La Bonita bulked like a huge balloon. For the first time, O'Shane centered up the street towards it.

A discordant medley of sound beat upon his ears as he neared Wacker's unsavory night spot. Ponies were close packed along the rail that fronted the tent. Tying his reins in a loose knot for a quick getaway, the redhead slid inside the entrance.

A rough dance floor had been laid on the ground in the center of the big tent. Punchers and rouged harpies were whirling to scraping fiddles. Men bunched, thick as flies, at the plank bar and around card tables. Through the fetid air, blue shadowed by tobacco smoke, hanging stable lanterns gleamed sickly.

O'Shane squinted around, searching for Parker's tall form. Two reports stabbed through the rumble of men's voices, shrill laughter of women, shuffle of boots and tinkle of glasses. Momentarily, the stream of sound was damned. The fiddles faltered and died, the dancers stopped, as heads swiveled towards the corner of the tent, where Wacker's office was screened by hanging canvas. Then, with growing volume, the torrent of sound broke loose again—the fiddles squeaked and picked up the dance tune, the sweating dancers swirled with

renewed vigor, the babble of conversation again rose high. O'Shane quickly slithered through the crowd towards the office. Two alert-eyed gummies lounged by the entrance, cigarettes dangling from their thin lips. Thrusting himself in front of O'Shane, the nearer guard barred the way.

"What's the rush, feller?" he rasped.

"I want to see Wacker."

"Si ain't receiving. Go get yourself a drink."

THE redhead crowded forward. The guard's eyes narrowed, his hand grasped the butt of his gun. "Vamoose!" he growled.

O'Shane's left, fist doubled, smashed into his middle. With a gasp, he jackknifed. The redhead's right swung up at his unprotected jaw and again Wacker's like a pole-axed steer. O'Shane whirled to face the remaining guard, whose six gun was already sliding out of leather. O'Shane's hand darted down to his own gun. As he jerked it out, a crimson lance flamed at the other's hip. The slug tore into the redhead's left shoulder. A "ft. stabbing pain shot down his side. Then his gun spewed flame and thunder and through the biting gun smoke he saw the crouching figure crumple and pitch forward.

Left arm dangling uselessly, O'Shane thumbed back the hammer, stepped over the huddled body and thrust the canvas aside with his gun barrel.

A red stain spreading across the broad chest, Parker's still body lay almost at his feet. A gun was still clutched in the Marshal's clenched fist. Evidently alarmed by the fracas outside, Wacker was rounding his desk. At sight of O'Shane, blood dripping from a useless arm, the gambler jerked to a stop. As the redhead's slug took him above the heart he

PLANS MATURED

All plans for the fox hunt to be held between Russell and Scandia next Sunday have been completed and the committee in charge expect that with fair weather there will be a record breaking turnout. The huntsmen will meet in the square at Russell and proceed to the scene of the hunt. The usual good old fox hunt lunch will be served and a good days sport is anticipated. Only shotguns will be permitted in use.

MOVE OGD EQUIPMENT

OGD equipment which was issued to this community during the time when there existed danger from air raids being experienced is being checked up at present. A quantity of hose, pike poles, ladders, etc., have been moved to the Central fire station. The hose may be used for street work as it is single jacket hose and would not fit into the scheme of things in fighting fire as under pressure it might break and endanger property.

DEBATE CONTINUES LIVELY

"Has or has not the island moved?" continues to be a swell topic for debate in clubs, news stands and sewing circles over the community. Seemingly the debaters seem to have a little more weight on the pro side of the argument as more and more persons observe the island and the tree which serves as the marker of all of the observers. Frank Fadale claims to have been able to "reach out and touch the tree" but the folks who heard the statement are a little skeptical as to the length of Frank's arms. Harry Shawkey who has fished hours in and around the island claims the island is moving but that the gravel and sand from the upper end is washing down and building up the lower end. But the folks who listened to this had a snappy comeback with "What of the tree? Suffice to say over the weekend the old island will have no privacy, at all.

Discussion On Relative To Celebration

Discussion is under way in many sections of the city relative to the observance of the 150th birthday of the founding of Warren. Back in 1895 the centennial of the formation of the town was fittingly observed with a celebration which lasted for an entire week. At that time many Indians were encamped on the fair grounds on the South Side and many state dignitaries from towns in this section were in attendance.

Relative to any celebration the Chamber of Commerce has appointed a committee composed of Frank Wood, Paul Braunschweiger, Nat Drake, George Frantz, P. M. Printz and Ed Walker to look into the possibilities of the celebration and its feasibility.

YOUNGVILLE NEWS

Youngville, March 8—At this week's meeting of council all members but one were present. Plans were made for repairing the bridge over Matthews Run on Highland Avenue. The work will include putting in new flooring or planking on the sidewalk, as well as work on the bridge roadway. Consideration was also given to new borough equipment, which would include pumps for the water and sewer system. No action was taken.

FISH AND GUN CLUB

At the regular meeting of the Brokenstraw Fish and Game Club it was decided to send letters to all local men in service, showing the club had voted to make them members of the club for the duration of the war and for one year afterwards. The membership of these men in service will have no bearing on the membership contest now in progress, which will close March 15. The next regular meeting will be April 6th. There will be special announcements later concerning this meeting.

Lenten Events In First Methodist

"Levi, the Business Man" is the title for Rev. Wayne Furman's sermon at the 11 a. m. worship period in First Methodist church on Sunday, one of a series of Lenten messages on "Jesus and Personality Problems". The choir will sing Handel's anthem "Surely He Hath Borne Our Grief" and for the offertory Mrs. Florence Stevens will sing "I Wonder As I Wander" by Niles. Organ numbers will be "Supplication" by Alexis and "Fantasia in F" by Pollet.

The orchestra will practice at 3 p. m. and the choir at 3:30. At 6 p. m. a group of WSCS members will serve refreshments for those who are staying for the Youth Fellowship, which will convene at 6:30 in the E. D. Everts room. Richard Kauffman will give a review of "The Indian and a Peacemaker" by Mabel Powers and will show a number of Indian relics and curios. Sunday school in the morning will be at the usual 10 o'clock hour.

"Applying the Gospel and Living It" will be Rev. Harold C. Warren's sermon topic in First Presbyterian church Sunday morning. Jackson Barrell will play two organ numbers, "Vision" by Bibl and "Aria" by Buxtehude, and the choir will sing "Repent Ye" by Scott. The Church of Tomorrow will hold its service at Trinity Memorial church at 6:45 p. m.

Rev. Milton G. Perry, of Trenton, N. J., will be the guest preacher at the First Baptist church next Sunday for both morning and evening services. Communion will be observed at the morning service and the choir will sing "Blessed Jesu, Fount of Mercy" by Dvorak.

Two events are scheduled for next Wednesday in Moriah Lutheran church at Ludlow, the Martha Society to meet at 2:30 p. m., and the Lenten meditation by Pastor Hans Pearson at 7:30 p. m. His topic will be "Caliphates, the Priest".

Why We Feature Printzess COATS and SUITS

BECAUSE, in a time of much sub-standard merchandise, Printzess Coats and Suits retain all of their pre-war quality.

Their famous 10-POINTS OF SUPERIORITY, which for over 50 years have made fashions bearing the Printzess label, unexcelled for fit and wear, are still part of each and every garment—not eight—not nine—the full 10 points of superiority remain.

1. **PRESHRUNK FABRICS** for lasting luster and beauty.
2. **STANDARD SIZES** insure perfect fit.
3. **SHAPE-RETAINING CANVAS** in the front, back and sleeves.
4. **TAPING** at all points of strain to prevent stretching.
5. **CAREFUL PRESSING** during manufacture to preserve fit.
6. **SPECIAL TACKING** to keep fronts straight and flat.
7. **LINING SEAMS** serged to eliminate raveling.
8. **HAND TAILORING** used throughout inside of garment.
9. **GENEROUS OUTLETS** at hems and seams to make adjustments easy.
10. **FREQUENT EXAMINATION** to assure perfection of detail.

We cannot in these days procure all the Printzess fashions we would like to be able to offer our customers. But to any woman fortunate enough to select a coat or suit with this label, we can assure the same satisfaction as before. Only Printzess coats and suits carry the quality seal of the United States Testing Company.

That is why we are proud to feature Printzess coats and suits exclusively in our city.

Special Information:

On several occasions customers have looked at the label in Printzess suits and coats, "Printzess by Printz" and asked if they were the same as the Printz stores.

The answer is NO

Printzess suits and coats are made by the Printz-Biederman Company of Cleveland, Ohio, and are sold in Warren, Penna., by the Davidson Company exclusively and there is no connection whatever with the Printz Stores selling men's clothing.

Kiwanis Club Has Movies At Meeting

The Kiwanis Club held its regular noon meeting Wednesday at the Carver Hotel. Of special interest was the showing of pictures of the San Francisco Bay suspension bridge by Henry Ledebur and C. W. Johnson. The entire span of the bridge is eight and one-quarter miles, and some of the towers reach as high as 500 feet above water level. Mr. Ledebur told that the center span is 2310 feet long, and that the diameter of the cables is twenty-eight and three-quarters inches. The pictures showed that the bridge is a double-decker, one deck for automobile and bus traffic, while the other is for truck and electric railway traffic.

Guests at the meeting included H. O. Walker, group commander of the Civil Air Patrol, and W. H. Wood, Mr. Walker announced that the new CAP headquarters had been opened at 338 Pennsylvania avenue, east, and that all were welcome to visit the new quarters.

J. A. Blomquist, chairman of the Steering Committee for united clothing collection drive being sponsored by the Kiwanis in April, gave a report.

RUSSELL

Russell, March 8—The Woman's Christian Temperance Union meeting was held at the Methodist church, with a good attendance. The president, Mrs. Leslie Putnam, presided; devotionals were led by Mrs. L. E. Russell; the director of scientific temperance, Mrs. Claude Pangborn, reported that the grades in Russell school are making plans to take part in the essay and poster contest in April, at which time the public will be invited to the meeting, where the posters will be on display and the prize essay will be read. The secretary of soldiers' and sailors' work read of the work accomplished. Mrs. Maynard Briggs, gave a Bible study relating to the liquor habit. Mrs. L. E. Russell was in charge of the Bible quiz.

The regular monthly meeting of the Pine Grove school board was held. All communications were read and all approved bills were ordered paid. Supervising Principal R. C. Huntley reported that he had ordered the window shades to darken the room for the moving pictures. It was voted to order two new desks.

The house and lot owned by the late Mrs. Kate Hall has been sold to Mr. and Mrs. Elmo Hartness, of Warren RD 1.

Mrs. L. E. Russell entertained at a luncheon at her home in honor of Mrs. Maynard Briggs' birthday anniversary. Other guests were Mrs. Daniel Houghwot and Mrs. Lasher.

Ens. Ned Engle, of Harvard University, and wife and daughter spent Friday at the Engle home. Ens. Engle gave a talk at the Russell High School assembly Friday afternoon. On Wednesday he will leave for California. His wife and daughter will reside in Warren.

Miss Barbara Perrigo spent the weekend with her grandparents at Salamanca.

A very pleasant afternoon was spent Thursday at the home of Mrs. Jay Wiltsie. Games were played, with Mrs. J. A. Van Orsdale and Mrs. C. U. Briggs being awarded prizes. At the meeting, plans were discussed for the party to be held for the 30th anniversary. The members' husbands are invited to attend the party.

LUDLOW

Struthers Cops First Playoff From Sylvania, 42-34; Meet Again Tomorrow Night at YM

The Struthers Wells quint moved ahead on a one-game margin last night in their three-game series with Sylvania in the City League playoffs by downing the green and white crew, 42-34, before the largest crowd of the season. Manager Red Swanson's crew made good a third period edge to cop the first of the possible three-game series with Ted Kaminsky, Sheffield P-W guard, pacing the way with 19 markers.

The Wellsmen hopped off to an early 4-0 lead, but Sylvania raced back to tie the game, and the first period ended with the iron-workers holding a slight 9-7 lead. Play was fast and stiff in the second period as the Green and White attempted to move out in front of the first half winners. Sylvania came within one point if equaling Struthers' second stanza scoring, and at halftime, the count stood at 23-20, with Swanson's quint remaining ahead.

The third quarter edge by Struthers proved the winning factor in the first playoff battle. The Wellsmen outscored Sylvania 11-6 in that period, increasing their margin to 8 points to hold a 34-26 lead at the third quarter mark.

The two quint were on an even basis in the final quarter, each collecting eight markers, with Struthers emerging the victor by a 42-34 count.

The two teams will clash in their second meeting tomorrow night on the Y hardwood at 8:30, and if Struthers cops the Saturday battle, they will be crowned champions of the 1944-45 City League.

Tomorrow night's card will include a preliminary battle between the National Forge and Blomquists at 7:30.

The Forgers copped the preliminary clash last night with Bakers, blasting away in the final period to move out in front and score a 43-37 decision. The Forgers held a 15-14 lead at the first period mark, and at halftime were still in the lead, 25-23. Bakers moved ahead in the third stanza as they outscored the Irvine quint, 10-4, to lead 33-29. In the last stanza, Nick Creola's aggregation scored 14 markers to the Bakers' 4 to cop the victory, 43-37. Lineups:

Struthers To Meet Fashion Clothes At Y

The Struthers Wells crew, having won its first victory in the City League playoffs, turns aside from the local competition to battle the top team in the Jamestown Y Community loop on the local YM court this evening at 8:30.

The Wellsmen boast one of the finest, if not the best, basketball teams in Warren, and should be an equal match for the top-notch Fashion Clothes aggregation. Rab-
bit Swanson stated this morning that he will use the same starting five as opened last night's encounter, Chase and Zerbe at guards, Lord at center, and Finley and Kaminsky at forwards.

The Fashion quint holds victories over the Vikings, Gulf Oil, Sinclair-town, and Rane Tool in the Jamestown league. Manager Max Bailey, of the Jamestown five, Len Johnson and Walt Brown form the backbone of the first place quint, with Rogers adding to their strength. Brown and Rogers hold down the forward posts, Johnson at center, and Bailey and Hallberg at the guard positions.

There will be no preliminary action on tonight's schedule, but early reports reveal that this game should top all former Y action this season. Game time is slated for 8:30.

Reich Registering Males 16 to 65

London, March 9—(P)—Germany today summoned every male in the Reich from 16 to 65 years of age to register with military authorities in a drastic effort to unscramble tangled army units and scrape up more manpower for defense.

Hinting at the confusion prevailing, a decree broadcast by DNE apparently had for its purpose the rounding up of deserters and the sorting out of soldiers lost from their units. It said:

"Many people have sought shelter in the interior of the Reich during the last few weeks. Workers and officials have lost their working places and soldiers were cut off from their units."

The decree then cancelled all furloughs except for reasons of ill health.

Gen. Hodges Pours Troops By Thousands Toward East Bank of Strategic River

(From Page One)

Remagen is 30 miles south-southeast of Cologne and 20 miles northwest of Koblenz, where American Third Army elements stood a bare four miles away.

No great German cities lie immediately beyond Remagen, but a drive eastward would flank the great Ruhr basin. A smash northward would overrun its cities and war factories which near the start of the conflict supplied Hitler with three fourths of his arms. A drive southward up the Rhine would encircle the whole Saar industrial district and the Palatinate.

At Remagen, the Ludendorff railroad bridge crossed the steep bank river more than 1,000 feet wide, under the shadow of the 626-foot Eifelstein. Lei. besatic cliff where a memorial to Count Zeppelin stands.

BULLETIN

New York, March 9—A new U. S. army—the 15th—has gone into action on the Western Front as a part of Lt. Gen. Omar N. Bradley's 12th Army group, an NBC broadcast from the front said today.

Supreme headquarters declared the exact site of the bridgehead was a matter of military security, since the Germans obviously were caught off balance.

Other First Army divisions teamed with the Third Army in rapidly wiping out a great Eifel mountains pocket in which perhaps 50,000 Germans are facing doom. The jaws of the trap along the middle Rhine were only 15 miles or less between Remagen and Mulheim, captured town four miles from Koblenz where another Third Army established occupation headquarters after the last war.

Two thirds of the Koblenz plain was captured, the rest was being overrun with ease and speed.

BULLETIN

Before Koblenz, Germany, March 9—(P)—The U. S. Third Army won domination of the Rhine north of Koblenz tonight by capturing the ferry terminal of Andernach and the town of Broll, eight miles south of Remagen.

To the north, the Canadian First Army captured the bitterly contested Rhine ferry point of Xanten, mentioned in the Xanten-Hindenburg line of Siegfried. The Wesel west Rhine pocket was hammered down to a triangle containing no more than 20 square miles. Wesel itself was within five mile artillery range. The Canadian army also captured Alpen.

The troops battled also for the last fourth of Bad Godesberg, three miles upriver from Bonn—where Hitler met the late Neville Chamberlain who was seeking "peace in our time" before Munich.

The exploits of the First and Third armies constituted one of the greatest victories in the career of Lt. Gen. Omar N. Bradley, commanding the 12th Army Group.

safe behind a 73-foot floodwall—awaited crests of 47.9 and 61 feet, respectively, today.

While hundreds of square miles of nearby lowlands were inundated by the muddy overflow, Portsmouth remained dry because 15 feet of concrete were piled on the wall over which a flood poured in 1937, causing property damage of \$16,000,000.

The concrete wall will hold back a 77-foot stage, but it terminates at highlands, east of the city, and this is where the sandbag dike is needed.

Two-thirds of the city's area, including the business section, was virtually deserted. Approximately 9,000 residents of the low-lying area, which would be flooded to a maximum depth of seven feet should the dike break, had moved to the hilltop section.

little sympathy for their dead soldiers. These people are too sick of war and bloodshed to care much now who gets killed. They only hope dully that the war will be over soon.

The crossing grew more dangerous by the hour. The German big gun fire, sporadic though it may be, took its toll.

The Yanks streaming toward the crossing site can see a procession of American ambulances going in the opposite direction—the victims of the fighting on the east bank.

confusion and the Soviet bombers and Stormoviks strafed the Germans mercilessly.

While the air force stepped up its attacks, Russian ground troops were reported to have assembled boats and landing craft along the banks of the Danube River, farther north, where a crossing to the west shore may already have started in an outflanking maneuver on Stettin.

Business Survey

Pittsburgh, March 9—(P)—Business in the Pittsburgh district gained moderately last week, mainly because of higher steel industry operations. The University of Pittsburgh Bureau of Business Research reported today. Carloadings, electric power production and retail sales were up but bituminous coal production and river tonnage decreased. The bureau's business index rose to 172.6 per cent of the 1935-39 average.

Washington, March 9—(P)—The position of the treasury March 7:

Receipts \$72,344,805.49; expenditures \$23,817,582.01; net balance \$16,172,633.65; total debt \$234,992,011,361.20; increase over previous day \$6,660,183.32.

No Comment on End Of War From Chief

Washington, March 9—(P)—President Roosevelt labeled as a crystal ball question today a news conference inquiry whether the war in Germany had reached a point where it might end suddenly.

He dodged right and left also a barrage of other questions pertaining to the European and Pacific wars and related diplomatic and political subjects came his way.

For two or three months, he said, consideration has been given to who will be the American member of a German control commission. But, he added, it was only speculation that Undersecretary of War Robert P. Patterson might get the job. Equally speculative is whether a military officer or civilian might receive the appointment.

CORYDON

Corydon, March 6.—Leslie R. Stryker, one of Corydon's well known citizens, was honored Tuesday evening, February 27th, by the Salamanca Masonic Order, when he was presented a fine medal, of which he is very proud. A member of the Masonic order 32 years, Mr. Stryker was presented the medal which bears his name, by an officer of the order who also made the presentation speech—one commending the Corydon man highly for his long and meritorious membership. Owing to the lateness of the banquet, Mr. Stryker did not remain. He did, however, deem it a great pleasure when he was escorted to the home of a brother Mason for a visit, one of the few left of a group he had formerly known. A graduate of Buffalo University where he took up the study of pharmacy, Mr. Stryker returned to Salamanca, where he was employed in a drug store for some time, in later years coming to Corydon, where he established a store of his own.

Mrs. W. P. Williams returned Monday from a visit with Mr. and Mrs. Glenn Williams and family in Little Valley. She also visited her son in Great Valley and the George Blacks of Kilbuck. During her stay in Little Valley she attended a family birthday dinner party tendered Billy Williams by his parents. Billy has been accepted for the United States Navy, leaving when called. Among those attending the dinner from away were Mrs. Alice Williams, Rebecca and Benny Williams, Warren, Mr. and Mrs. Geo. Black and son, Joe, Kilbuck; the George Schober of Great Valley and others.

Just recently, and most unfortunately, Mrs. Flora Frank suffered the loss of two fingers of her left hand. One was amputated at the first joint, the other at the second. Mrs. Frank, an employee of the Dresser Machine Shop, Bradford, for some time back, in some manner caught the fingers in a lathe.

Mr. and Mrs. George Prue have returned to their home here following the winter months spent in Salamanca.

Mr. and Mrs. William Pascarella and daughters, Maria and Felice, were Sunday callers of the Alfred and James Pascarellas and Mr. and Mrs. R. R. Wilcox.

Mrs. Rubie Day, Detroit, wrote local relatives recently that Captain Craig Browne, flight surgeon, had spent the night with the James and Ivan Days. His plane was grounded in Cleveland.

Miss Celeste Vansickle was a recent overnight guest of Miss Beverly Prue during her stay in Salamanca.

Dr. C. C. Flatt and Mrs. Flatt, Kinzua, and Mr. and Mrs. Joe Cousins and son, Jamestown, spent a short time Sunday with Mrs. Nora Crooks.

Corp. and Mrs. Leslie Pierce, Salamanca, were weekend visitors of the James R. B. Caldwell.

Mr. and Mrs. George Oberlin have returned to their Corydon home following the winter months spent in Bradford.

Edwin Tome has returned to Cleveland after a few days here with his parents.

Mrs. Clyde LaDow and Mrs. Dorothy Harding spent Monday in Salamanca.

LUDLOW

(From Page Eleven) lowing an operation. She is making a splendid recovery. Her sister, Miss Victoria Peterson, who spent the time with her there, also returned on Thursday.

Mr. and Mrs. Andrew Blair, Miss Thelma Peiper, Mrs. Wilmer MacArthur and Mrs. Leroy MacArthur spent Sunday with Miss Lucille Blair at Indiana State Teachers' College.

Miss Mary Catherine Mathers spent the weekend in Erie. The Community Association Board and the wives of its members were entertained at the home of Mrs. E. W. Swanson on Friday evening. Regular business was reviewed.

It's time to think of a very personal gift for the boys in service. There is nothing they will prize like a Portrait of you in one of our leather pocket cases.
